Welcome to Historic Medford!

Medford’s Downtown Historic District is the heart of the community and plays an important social, cultural, and economic role in defining the city’s character. The South Oakdale, Geneva - Minnesota, and Corning Court Ensemble Historic Districts showcase some of the premier historic residences in Medford.

Porters Restaurant is located within the Downtown Historic District, near the corner of North Front and East Fifth Streets. It is fashionably housed in Medford’s rehabilitated 1910 train depot.

This project was funded in part by a Certified Local Government matching grant from the Oregon State Historic Preservation Office and the National Parks Service.
