Public comment:

Hello. I am a resident of Curry County. I live outside of the city limits. My comment is in favor of the camping ban. We need to keep pushing people choosing to camp on the beaches, in the city and in the county to get the help that they need and get off of the streets. I witnessed first hand the rampant drug use amongst these campers. Yes there may be a few not partaking but I guarantee you 90% are addicts and our children could be exposed to this lifestyle. The enabling of this lifestyle in our county has been tragic. I do hope positive change is coming and as much as I want to see the drugs out of our county I realize that one thing we can do is make living more uncomfortable for them so children without good support systems don't end up amongst them.

Public comment:

Prohibition of Camping, 736-030-0020 is a YES VOTE! The Homeowners have had enough; the Taxpayers, Oregon Parks and Recreations, OSP, Brookings PD, Sheriff Ward and local Brookings Residents, cannot afford nor want to waste our tax dollars and time with the crime, mental issues, drugs, fecal matter, needles, and abandoned vehicles that are associated with this disaster, created by Koteck!

Santa Cruz, CA., use to be a great beach; not anymore. Transients, with their needles, drugs, crime, etc., have been allowed to squat, rob, and harass taxpayers!

The people of Brookings, Oregon, DEMAND that camping "anywhere", on our shores, within the City Limits be BANNED! Camping should only be in designated "parks", where there is a "paid" entry fee, such as Harris RV Park! NO MORE, WILL OREGON TAXPAYERS PUT UP WITH THIS MISMANAGEMENT OF OUR "SO-CALLED" ELECTED OFFICIALS! We will remove these idiots with our vote!

Governor Koteck is so "out of touch" with her constituents, as well as our Brookings City Council! Their incompetence in handling these transients has "caused" this problem in Brookings! The mess at Rainbow Rock took too long to dismantle, while, the residents there, the local tourists, and local businesses suffered! The Taxpayer cost to clean up of fecal matter, needles, drug paraphernalia, abandoned vehicle tows, were outrageous and uncalled for! The organization, involving ODOT, Brookings PD., the towing companies and any other group, not mentioned, was costly and put our Brookings PD in danger with the violent transients! THIS VOTE TO BAN CAMPING ALONG OUR OREGON SHORES, WITHIN THE BROOKINGS CITY LIMITS, AND A REQUESTED LETTER FROM THESE AGENCIES, FROM OUR BROOKINGS CITY COUNCIL, IS A NO BRAINER! JUST DO IT!

Maybe the ideal solution is for Koteck and the Brookings City Council, will be to invite these transients to set up camp in "their" backyards, FREE OF CHARGE!. That way, "they" can clean up after them, deal with their violent behavior, feed them, pick up their fecal matter, and supply them with fresh needles and drugs when they "extend their hand" for more FREEBEEES!

The Homeowners, TAXPAYERS, local Residents, Tourists, and Business Owners, at the meeting held October 9, 2024, at the Southwestern Oregon Community College campus, voiced, in detailed examples of "why" the City Of Brookings, needs to "DECLARE", in writing: "Prohibit "Any" and "ALL" camping along the Ocean Shores, within the City Limits"! Listen to your constituents!

THIS IS A NO BRAINER!!!!

Public comment:

Please support the Brookings PD, ODOT and the Sheriff's Office by prohibiting overnight camping on our local public beaches. Please serve your local community by protecting its members and the local beaches we enjoy. Thank you.

WE, the undersigned, are residents of and near Brookings, Oregon and hereby support a prohibition of camping on the beaches in Brookings in the same way that Oregon Parks and Recreation by its regulations has prohibited camping all along Oregon's beaches from Seaside in the North to Gold Beach in the South. Camping deprives us of being able to use, access, and enjoy our beaches to the fullest extent possible. Tents/campsites are used for campers' private use and exclude the rest of the public, including us signing this below, from being able to use and access that portion of the beach taken up by tents and campsites for our recreational enjoyment. Also camping causes unsafe and unsanitary conditions, campfires, and also risks the health and safety of everybody using the beaches.
