Your public comment about this rule:	I've camped many times at the Oregon State Parks, and they are very nice looking. However, adding an "Out of State" user fee or tax is counter productive as it focuses on charging more for not being a resident. A better approach would be to have a resident discount instead. I am willing to pay for these nicely maintained State Parks, but not a 25% non-resident tax.

THAT DOES SEEM ANTI-FRIENDLY! ANTI-TOURIST? WE HAVE ENJOYED YOUR PARKS EVERY TIME WE GO THRU OREGON.

FOR US SENIORS, IT SEEMS A BIT UNFAIR, CUZ OUR SOCIAL SECURITY DOES NOT KEEP UP WITH ALL THE VARIED PRICE INCREASES

EVERY TIME WE TURN AROUND. IT IS NO WONDER SO MANY SENIORS JUST STAY AT HOME & DEHYDRATE! SAD. SAD. SAD!!!

I CERTAINLY DON'T HAVE THE ANSWERS FOR SOLVING THE REPAIRS NEEDED, INCREASED PRICES OF SUPPLIES ETC, SO ...

GUESS THE ONLY ANSWER IS TO INCREASE THE ENTRY FEE/SITE FEE. BUT I MIGHT BE GRUMBLING.... Arlene Hansen

Dear Mr. or Ms.

I, as a Canadian, will not be staying at any state parks any more, it's not the 25% surcharge. It's that I am being discriminated against not being a person from your state. I feel that we share our parks with others at the same price I pay. It's too bad that people in power think that we are different than you.

Thanks for reading,

Gerald Quinn. Retired camper being priced out of the market.

Subject: Oregon RV Fee Increase for Out of State RVers
Date: Wednesday, November 3, 2021 2:53:42 PM

As a California resident I find your proposal both prejudiced and very poorly thought out. Many people that own rv's and do not reside in Oregon enjoy your State Parks. While they are in your State Parks, they patronize your local economies. Many of us from outside Oregon are not willing to camp in your state with the increased surcharge. This act or bill will not help your state parks, but will, in fact hurt their local economies. If it is necessary to raise fees, raise fees for everyone. Penalizing out of state campers sets a precedent and will hurt tourism in Oregon.

Morris Weisbart

That is ok so I can make sure not to visit or spend money in Oregon. I am sure I will not be the only one. Will go to states that like us spending money in their states and not punish us for visiting.

Your public comment about this rule:	We are frequent visitors to Oregon and feel that if there is a 25% surcharge for us to come and camp we will probably camp in other states instead. I question if this decision will discourage others from travelling to Oregon. This decision would impact the tourism trade for the small businesses and in my opinion it would be an unwise decision for the state.

Your public comment about this rule:	I don't agree with the proposed increase for out of state RV fees. I personally will avoid overnight or any extended stays in Oregon due to this fee increase. Tourism will suffer due to this rule which will negatively affect restaurants, fast food, grocery stores, fuel sales and many other business establishments in Oregon. You will find that this will lose money for Oregon state instead of increasing which is the ultimate goal.

Your public comment about this rule:	RE: RV 25% surcharge for out of state. It is sad when states decide to price as if we are not one nation of US citizens. If McDonald's priced higher for out of state patrons, most would say it is not fair so please price each citizen the same at RV parks. Thank you

Your public comment about this rule:	As a non-Oregon citizen of another state I see the rate increase for out of state visitors as something other states will adopt also. It lessens my desire to visit Oregon. Our state charges its citizens other fees that go to our parks and campgrounds and so far we don't make our of state visitors pay more. So go ahead and raise fees for out of state visitors, just don't expect me and my family to visit or spend any other money in Oregon.

Your public comment about this rule:	<p>While many may not consider charging an out-of-state camper "fair" I would say that it is fair. Residents pay taxes to the state and part of that money is used for State Parks, including campsite development. As I have NOT paid anything to develop these sites but just pay to "rent" them for a night's stay I fully understand why there should be a two-tire system for payment - resident and non-resident. While I would not want to pay more for a campsite than anyone else, it could be considered fair to charge me more as I don't pay any tax dollars in the form of income taxes. Sure, sites are basically identical, but a person has to look at the overall cost and who is paying part of that cost without even going camping. I say "thank you" for developing campsites in state parks. By the way, I'm approaching my 77th birthday early next year.</p>

Email:	25% surcharge for RV sites occupied by out-of-state residents
Your public comment about this rule:	We have been traveling to Oregon since the 70's in our RV and have always loved staying at Oregon SP's. We spend at least a month in the state during each trip. One of our favorite CG's is Beverly Beach SP and I am disappointed to see how the bathrooms and showers have deteriorated due to lack of maintenance. And now you want to charge me a 25% surcharge to occupy an RV site because I am an out-of-state resident. We contribute to Oregon economy each month we spend in your state. I am AGAINST Senate Bill 794. If it passes we will find somewhere other than Oregon to spend our money; you have a beautiful state but you don't have the only beautiful state.

Your public comment about this rule:	<p>1. The proposed bias crime discriminates against me being allowed to say what I am thinking or believing is one that should be stricken from this and other laws. I am allowed to have 1st amendment rights and as such be able to express my opinion. I am a Christian and I can see the hand writing on the wall that says I will be restricted from speaking the Word of God because it violates some ones feelings. Well, I have feelings also and I can be offended by what someone says but I am not going to restrict their right to speak their mind. We all have so far the 1st amendment freedom of most speech to an extent. I can see my rights being stripped from me and I completely am against it. Besides, if one is convicted of the crime, they have already paid the penalty for their crime and it is over and done with. Be wise and think ahead to more than just yourself but also the rights of others.</p>

Your public comment about this rule:	I'm not understanding the out of state stipulation. Is this to discourage out of state visitors. Not only will the up cost in out of state residents deter visitors, it will take away from the locals. More money spent on camping, less money spent in the community. Treating out of state locals differently is not very welcoming. Highly recommend this portion be dismissed.

Your public comment about this rule:	I understand why you would want for out of state rvs to pay an additional fee for camping but 25% may be al little steep, But I do not know your fees. I think perhaps 10% may be accepted better than 25%. You do not want your upcharge to be so high that it discourages RVers to your state. Just my personal thoughts

Your public comment about this rule:	<p>I understand Oregon will charge a 25% surcharge for out of state campers at Oregon state parks. Part of the reason I hear is because Oregon residents already pay a fee with their auto license fees to support Oregon state parks. I live in Washington State and in Washington we residents also help pay for our state parks through taxes and an annual pass. So I suppose if you raise fees for out of state residents other states will have to start doing the same thing. I love camping in both Washington and Oregon every summer but this will put a damper on my Oregon camping since I am a senior citizen living on Social Security. If this law passes, I will encourage our state to pass a similar law. Thank you for your consideration.</p>

Your public comment about this rule:	Senate bill 794 regarding 25% surcharge for out of state visitors. My wife and I have been Oregon State Parks for the last 24 years and have been a park volunteer since 2015. For the past 10 years we have spent four to five months each summer mostly along the Oregon coast. If this new rule passes we will no longer visit Oregon nor volunteer at the parks. We will take our money to a state that does not discriminate against out of state visitors.

Your public comment about this rule:	I was in Oregon a few years ago in my RV. I stayed a few of your park which were nice, but if you make me pay 25% more than a resident, I won't be staying in them any more. The price increase will bring the cost of staying in the park close to the cost of staying in a private park. So why should I pay for a park that give me less amenities than a private park.

Your public comment about this rule:	I am against the change that requires out of state campers to pay more than in state campers. I am from Idaho and we also pa an additional fee to access state campgrounds. I believe the number of Oregon campers using our state would also then need to pay additional fees when using our campgrounds, This simply creates an increase in user fees for all campers. I wonder if the next money grab will be to charge out of state vehicles a fee to use your roads?

Your public comment about this rule:	<p>OPRD has been operating under a 20+ dollar deficit. They really need the money for equipment used in the day to day operations of the properties. With rv sales skyrocketing, first time campers are clogging up parks nationwide. Residents already pay their fair share for their parks, but the quantity of out of state campers use the same resources, just more. Many of the "No Shows" are out of state people. No Show reservations should hurt. No refunds should be the norm. I also think that ALL DAY USE designated areas should pay a day use fee. Even an entry fee to the park property itself should be considered. The ones that don't, have a contingent of daily regulars that fill up parking spaces, use the toilet paper, dump their trash in (and out) of the trash cans, using resources that others pay for.</p>

Your public comment about this rule:	If you raise out of state RV rates 25%, I will NEVER vacation in Oregon again. You will lose my camping dollars, and supporting businesses will too.

Your public comment about this rule:	I believe the 25% surcharge for out of state campers to be fair and I am an out of state camper.

Your public comment about this rule:	Bill 794 Against - Raising out of state registration fees. Discouraging out of state tourism is a bad idea. Out of state visitors spend money and support all of our local businesses that many of the small communities depend on.

Your public comment about this rule:	<p>As a Canadian spending my winters in the beautiful Southern U.S., I understand the need to increase revenues. If you need to charge us out of Staters more for camping, I have ZERO issue with it. Let's be real for a minute; RV'ing is truly a first world problem. If I (or anyone else) can afford an RV or an RV lifestyle, we can afford campground fee's, whatever they are. There are a lot more pressing issues that we all face than a few bucks more for a campground site. Cheers, Stay safe.</p>

Your public comment about this rule:	Senate Bill 794. NO I lived in Oregon for 20 years and love it. I still vacation there often; I'll not pay an extra 25% surcharge!!!

Your public comment about this rule:	Re: Senate Bill 794, is you intent to keep out of state RVers from visiting your state? The Pacific northwest is on our list to travel to in the very near future, but I can bypass Oregon entirely if it costs me my arm AND my leg to camp there. A 25% 'fee' on out-of-staters? Wouldn't you want to attract people to your state? I don't see the logic in that bill at all

Your public comment about this rule:	I am not happy with the proposal to charge out of State Campers a surcharge. I have visited several states that do this and after the first night I leave as I feel I am being treated as a second class citizen. My home state does this also and I encourage my out of state friends and family to park in the National and county parks when visiting. I had plans on visiting the West Coast in 2022 on my way to Alaska and will now be re-planning this trip to avoid Western Oregon. Still have not investigated Washington yet.
