NEED FOR THE RULE(S):

The master plans for Brian Booth State Park and Wallowa Lake Management Unit are being adopted to provide direction to the Oregon Parks and Recreation Department (OPRD) regarding the future management of the park resources and development of facilities for public recreation access. The plans responds to current information on park resource conditions and public recreation needs as they pertain to these park settings. The purpose of amending OAR 736-018-0045 is to adopt the plans for these parks through the administrative rule process.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE:

Brian Booth State Park Comprehensive Plan (June 2014 Draft) ; Wallowa Lake Management Unit Master Plan (2018 draft master plan). A digital copy is available for review at the OPRD web site, http://www.oregon.gov/oprd/PLANS/pages/masterplans_draft.aspx. Hard copies and copies on CD are available upon request from the OPRD headquarters office in Salem.

FISCAL AND ECONOMIC IMPACT:

The park plans we seek to adopt through the proposed rule amendment will provide guidance to OPRD on the management of the park resources and development of facilities for public recreation access at park properties in the mid-Coast region and Wallowa County. The plans may be used as a basis for seeking funding for planned projects; however, there is no guarantee that the planned projects will be funded or developed. Neither the plans nor the rule amendment for adoption of the plans will provide the funding for the planned projects. As such, we expect no positive or negative fiscal or economic impacts due to this rulemaking action.

COST OF COMPLIANCE:

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the

expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s).

1. Impact on state agencies, units of local government and the public (ORS 183.335(2)(b)(E)): None. No compliance required.
2. Cost of compliance effect on small business (ORS 183.336): None. No compliance required.
 - a. Estimate the number of small businesses and types of business and industries with small businesses subject to the rule: None.
 - b. Projected reporting, recordkeeping and other administrative activities required for compliance, including costs of professional services: None.
 - c. Equipment, supplies, labor and increased administration required for compliance: None.

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

The plans adoption through the rule amendment has no effect on small businesses. However, businesses have had the same opportunities to provide input on the draft plans, through public meetings and written comment opportunities, as other members of the public have had.

WAS AN ADMINISTRATIVE RULE ADVISORY COMMITTEE CONSULTED? NO IF NOT, WHY NOT?

An Administrative Rule Advisory Committee has not been consulted because filing of this rule amendment is not expected to have positive or negative fiscal or economic impacts. However, planning advisory committees assisted OPRD in formulating the draft plans for the parks. Committee members were chosen to represent a broad spectrum of interests related to the park resources and recreation needs. The various interests represented include recreation advocacy groups, environmental advocacy groups, affiliated Tribes, affected state, federal and local government agencies, park neighbors and the local community.
