OPRD review included a staff inspection of the site and evaluation of the project against the Ocean Shore Permit Standards, OAR-736-020-0005 through 736-020-0030.

Project Description:

The proposed project is an after-the-fact application to perform repair of an existing beach access. Rebar set in bedrock will be used to reinforce concrete for the bottom part of a stairway leading to the ocean shore.

ORS.390.605 (2) defines the "ocean shore" to mean the land lying between extreme low tide of the Pacific Ocean and the statutory vegetation line as described by ORS 390.770 or the line of established upland shore vegetation, whichever is farther inland. In the location of the proposed project the statutory vegetation line is located farther inland.

The project is proposed to be located

Seaward of the statutory vegetation line

Seaward of the line of established upland shore vegetation

and therefore within OPRD's jurisdiction to make a decision on your application.

Conditions:

1. Prior to construction, the Permittees or subsequent owner of the (collectively, "Permittees") shall file with the Curry County Clerk, a Declaration of Conditions and Restrictions. A form is attached for your use in satisfying this condition. The permittees shall pay any filing and recording costs. Upon recording, certified copies shall be submitted to OPRD as proof of compliance with this permit condition. Failure to provide OPRD with said certified Declarations of Conditions and Restrictions shall nullify this permit and all authorizations contained herein.
2. The project shall be constructed in accordance with the submitted plans and descriptions provided in the permit application, and comply with the location, dimensions of the proposed beach access improvements, and materials specified in the plans and descriptions.
3. The repair project shall be completed prior to August 21, 2007. If it appears that, due to unforeseen circumstances, the project cannot be installed by the expiration date, the Permittees or authorized representative(s), may request a permit extension. A time extension may be granted based on the submission of a revised construction schedule.
4. Upon completion of the project, adjacent areas of the ocean shore shall be cleared of any debris remaining from the project, and ocean shore areas disturbed by construction activity shall be restored to pre-existing conditions.
5. If, due to damage or lack of maintenance, the beach access stairway becomes a safety hazard, or causes a detriment to ocean shore resources, the Permittee shall be responsible for removal of the facility. Failure to comply with this condition may cause appropriate legal action to be pursued to ensure compliance with this provision.
6. In no event shall the issuance of the permit be construed as a sale, lease, granting of easement or any form of conveyance of the state recreational area, ocean shore or submerged lands.
7. The Permittees shall comply with the provisions of ORS 390.235 through 390.240, ORS 358.905 through 358.955 and OAR 736-051-0060 through 736-051-0090 as these statutes and rules affect the discovery, excavation, salvage, removal and disposition of archaeological resources and the permitting requirements for these activities as they affect archaeological sites on public and private land. If archeological objects are encountered during the project, all work must stop immediately, and work may not proceed until an archeological permit is issued under ORS 390.235.
8. This approval does not affect any obligation the Permittees might have to other persons or agencies, local, state or federal.
9. If the Permittees fail to comply with the conditions provided herein and otherwise imposed by OPRD, OPRD shall exercise its authority under Oregon Revised Statutes 390.661 through 390.676; 390.990 through 390.995; and the provisions of OAR 736-020-0200 to cease any further activity by the Permittees on the ocean shore except as directed by OPRD. In such circumstances OPRD may assess a civil penalty according to the provisions of OAR 736-080-0005 through 736-080-0070.
10. The Permittees shall agree to save and hold harmless the State of Oregon, the Oregon Parks and Recreation Commission, and its members, and all officers, agents and employees of the Oregon Parks and Recreation Department, from any claim, suit or action whatsoever for damages to property, or injury or death to any person or persons due to negligence of permittee(s), their officers, agents or employees, and arising out of the performance of any work or project covered by the granting of a permit.

11. In issuing this permit, OPRD makes no representation regarding the quality or adequacy of the permitted project design, materials, construction, or maintenance, except to approve the project's design and materials, as set forth in the permit application, as satisfying the resource protection, scenic, safety, recreation, and public access requirements of ORS Chapter 390 and related regulations.
12. In issuing this permit, OPRD makes no representation regarding the quality or adequacy of the permitted project design, materials, construction, structural integrity or maintenance. The permit is issued for the repair of the lower portion of the existing structure located on the ocean shore from the natural vegetation line or the statutory vegetation line to extreme low tide. City of Brookings, through local ordinances, may require engineer approved design and structural integrity plans.
