RULE SUMMARY

New federal regulations implementing the Americans with Disabilities Act of 1990 (42 U.S.C. 12181) (ADA) expand the types of mobility devices that may be used for access. This broadening of the range of devices that may now be used requires changes to OAR 736, division 10, to allow such devices for the purposes of ADA access. The new ADA regulations also define "Service Animal" which is being incorporated into division 10 rules, and require that miniature horses be allowed in specific facilities subject to certain considerations.

Rules prohibiting pets in yurts and cabins are being amended to allow pets in those facilities that have been designated as pet friendly.

The rule on campsite occupancy is being amended to clarify that a site must be occupied the first night after any belongings are left in the site and must remain occupied each night during the entire length of stay.

A typo has also been corrected where the word chapter was incorrectly capitalized.
