## SECTION 2. PROGRAM AND POSITION INFORMATION

a. Describe the program in which this position exists. Include program purpose, who is affected, size, and scope. Include relationship to agency mission.

Oregon Parks and Recreation Department (OPRD) fulfills its mission to "Provide and protect outstanding natural, scenic, cultural, historic and recreational sites for the enjoyment and education of present and future generations" by operating a system of State Parks Recreation, Historic and Natural Areas; by managing special programs including Scenic Rivers, Recreation Trails, Historic Preservation, and Ocean Shores; and by providing assistance to local governments for recreation and heritage conservation. OPRD serves more than 45 million visitors per year through a State Parks Recreation system of more than 250 park areas statewide. OPRD does this through its vision of "Taking the long view to protect Oregon's special places and provide the greatest experience while creating stable future funding". OPRD upholds its mission and vision through the following operating principles: *Accountability, Commitment, Empathy, Empowerment, Fun, Integrity, Respect and Well Being*. The agency's current approved budget information can be found at [www.oregon.gov/oprd](http://www.oregon.gov/oprd) under *Budget & Facts*.

Valleys Region is one of three field operation areas within the OPRD Operations Division. Region employees in 10 management units maintain park facilities; provide visitor services and on-site management to OPRD properties in 12 Oregon counties. Valleys Region has 47 parks, waysides and recreational area properties. Facilities and programs include 11 overnight camps and 15 day-use areas, various hiker/biker, horse and group camps, concessions, agricultural leases, State Recreation Trails and Scenic Waterways, historic buildings and volunteer groups, recreation and visitor service programs. The region staff consists of 202 year-round and seasonal FTE, and operates with a biennial budget in excess of \$19 million dollars.

**The Willamette Valley District** consists of 4 Management Units in 7 Counties. Facilities and programs include overnight camps and day-use areas, various hiker/biker, horse and group camps, concessions, agricultural leases, State Recreation Trails and Scenic Waterways, Willamette River Greenways, Willamette River Water Trail, historic buildings and volunteer groups, recreation and visitor service programs. The biennial maintenance and operation budget is approximately \$ 12.5 million. Approximately 31,000 volunteer hours are donated each year. The district has 153,000 MMP hours.

The **Luckiamute Management Unit** has a total of approximately 25,000 Maintenance Management Plan (MMP) hours. MMP hours are a nationally recognized standard of performance in the parks and recreation industry. As such, MMP hours serve not only as an index of the size of any sub-unit in a parks department, but also as a measure of its complexity. The MMP hours, combined with other park operational elements, determine the level of operational and management complexity, resulting in the classification level for OPRD Park Managers and Park District Managers. Operational elements can include but are not limited to: a basic level of facility and infrastructure development; fewer properties, FTEs and positions; a lower amount of budget, revenue, day use count and overnight visitation; an absence of Threatened and Endangered plant and animal species and above- and below- ground resources listed on the National Register of Historic Places; an absence of OPRD co-operating associations, intergovernmental or other agreements; or a combination thereof.

The **Luckiamute Management Unit** is composed of the following properties: (See table below) which total 4,806 acres in Lane, Linn, Benton, Polk, Marion, Yamhill, and Clackamas Counties. There are 7 campsites, 20 primitive camping opportunities, picnic units, reservable group picnic areas, launch ramps, ~13 miles of trail, interpretive programs, historical buildings, and agricultural leases. The Willamette River Greenway Program and Willamette River Water Trail are programmatic elements overseen within the unit. The biennial maintenance and operation budget is approximately \$ 1.3 million. There are 4 full-time positions, 1 part-time position and 2 seasonal positions.

b. Briefly describe (usually one or two sentences are sufficient) the primary purpose of this position and how it functions within this program. Complete this statement: The primary purpose of this position is to...

assist year-round State Park staff in the protection, maintenance, operation and repair of state park lands, natural and cultural resources, structures, facilities, equipment and systems. Park Ranger Assistants typically perform basic tasks in a single area of park operations (e.g.: janitorial work, landscape maintenance, interpretation or visitor services), although some positions will require performing tasks in a variety of areas. Some work may require the most elementary skills in building trades, including carpentry, electrical, plumbing, painting and landscape maintenance. In addition, specialized skills in basic park maintenance and operations may be required. Park Ranger Assistants, on a task specific basis, may guide the work of individuals or teams composed of volunteers, seasonal, and/or temporary state park employees.
