Question for the Board Form Instructions

We encourage you to submit your question(s) by including as much detail as possible, along with any other additional information that would assist the Board or Committee in making an informed decision.

OSBEELS will present your question(s) to the Board or one of its Committees at the earliest opportunity available after we receive your completed question form. At that time, the Board or Committee may elect to address the issue in open session, decide to seek advice of the Board's legal counsel on the matter, determine that further clarification of your question is necessary, or decline to address your question.

If the Board or Committee decides to seek advice of its own legal counsel, you will not have the option of withdrawing your question(s) once your question(s) is forwarded. The Board may decide to act upon the advice of counsel regarding your question(s).

OSBEELS does not provide personal legal advice to members of the public. However, you may always seek legal advice on Oregon legal issues, including regulatory issues, from private counsel. You are welcome to attend the Board or Committee meeting where presentation of your question(s) is scheduled.

You may be asked, at this time, to clarify detail for the Board or Committee members.

Note, any response provided to you by OSBEELS is considered a public record and may be made public by the Board.

Submission

Submit the Question Form and all supporting documents to:

Oregon State Board of Examiners for Engineering & Land Surveying

Question for the Board Form

The Oregon State Board of Examiners for Engineering & Land Surveying appreciates your interest in the practice of engineering, land surveying, photogrammetry, and water right certification in Oregon. If you have a question(s) for OSBEELS that you believe may require Board or Committee response or action, please complete the form below. Be sure to provide as much detail as possible so the Board or Committee can interpret your question clearly. Use of specific laws, rules, and other resources are useful tools for clarifying your question(s). Your question(s) will be provided to the Board or Committee for consideration at the next available opportunity.
