OPERATIONS BULLETIN #24-02

Date: July 8, 2024
Apparatus: Tactical Tender – 2024 Freightliner M2112
Subject: Port-a-Tank

The side mounted Port-a-Tanks are very heavy and require a minimum of 2 personnel to lower and lift the storage tray. Having less than 2 personnel lower/lift the storage tray could cause injuries to the individual and/or damage to the apparatus.

There currently is not an assist device to minimize the risk. A retrofit is being developed and OSFM will work with receiving agencies on making the needed changes.
