

April 3rd, 2025

It's that time of year again. Welcome to the 2025 Opportunities and Access Report!

The Oregon State Marine Board is thrilled to bring Oregon's boaters a convenient, weekly quick-reference guide to many of our state's public boating access sites. This valuable resource is carefully compiled by one dedicated individual who gathers information from official websites, social media posts, and weekly communications with facility managers.

We strive to provide the most accurate and up-to-date information, with details being current within 24 hours of publication.

Many Oregon reservoirs have rising water levels, and rivers are full and running fast.

This means the water is cold and there is significant floating debris.

Remember to check for and report boating obstructions.

[Boating Obstruction Reporting Tools.](#)

Agate Lake

- Agate Lake boat launch is open. The lake is 100% full.

Agency Lake

- Henzel and Petric Park's boat ramps are open.
