Re: NOTICE OF PROPOSED SEIZURE OF VESSELS

The following vessels observed in the Willamette River in Multnomah County, OR on July 15, 2022 are suspected of meeting the statutory definition of a “derelict vessel” due to being sunk or in imminent danger of sinking.

The owner of a derelict vessel is responsible for remedying the problem. If the owner fails to remedy the problem or remove the vessel prior to the date specified in this notice, the Oregon State Marine Board will be authorized to seize the vessel. Furthermore, the owner may be cited for failure to remove a derelict vessel. If the vessel is seized, the owner may be held liable for the costs of salvage, towing, and storage of the vessel. If the costs of salvage, towing, and storage are not paid, the vessel will be destroyed.

To prevent the seizure and possible citation for failure to remove a derelict vessel, the owner must remedy the problem or move the vessel to a location where it can be lawfully kept prior to the following date and time:

5:00PM August 1, 2022

The owner has the right to request a hearing to challenge the seizure of the vessel. A request must be received in writing by the Enforcement Agency prior to the deadline given above. The owner must indicate the specific grounds on which the seizure of the vessel is challenged.
