

## Notice of Vessel Seizure

The following vessels were seized from the portion of the Columbia River known as the North Portland Harbor in Multnomah County, Oregon on October 9, 2020 on behalf of the Oregon State Marine Board and the Oregon Department of State Lands.

Each of the 5 vessels met the statutory definition of *abandoned* for being left without authorization on waters of the state as well as *derelict* for being sunk or in danger of sinking.

If you are the owner of one of the seized vessels, you may immediately reclaim it by presenting proof of identification and ownership and payment of costs that have accrued. Furthermore, you must provide proof that you can move the boat to a place where the boat can be lawfully kept.

Failure to reclaim the boat and pay the costs of salvage, towing, and storage by November 9, 2020 will cause the title to the boat and all personal property found in the boat to be vested with the enforcement agency and will then be disposed of. You, as the owner, will remain liable for all salvage, towing, storage and disposal costs.

You may request a hearing by submitting a written request no later than November 9, 2020 to the Oregon State Marine Board at the address listed. The request for a hearing must include a statement of the specific grounds on which the seizure is challenged and whether you challenge the reasonableness of any salvage, towing or storage costs incurred by the Oregon State Marine Board.

If you have questions, please contact Dorothy Diehl, Policy Program Coordinator for the Oregon State Marine Board, at [Dorothy.diehl@oregon.gov](mailto:Dorothy.diehl@oregon.gov) or 503-856-2914.
