OREGON BIAS CRIME STATISTICS SUMMARY

January through December 2011

Commonly referred to as “hate crimes”, bias crimes are those incidents where the offender’s motivation for committing the offense is based on a prejudice against the victim’s perceived race, color, religion, national origin, sexual orientation, marital status, political affiliation or beliefs, membership or activity in or on behalf of a labor organization, or against a labor organization, or a prejudice against the victim’s physical or mental handicap, age, economic, social status or citizenship.

Simply because an offender and a victim are of different races does not necessarily indicate a bias crime has been committed. What motivated the offender to commit the crime is the determining factor. Did the offender have a bias, or hatred of the victim’s race, or was the victim simply the offender’s next target regardless of race? Was a victim’s vehicle vandalized because of the victim’s sexual orientation, or because the vehicle was an easy target parked in the street?

These questions, and questions like them, must be answered in order for law enforcement investigators to determine if an incident is a bias crime.

Bias Crime

Totals By Month Jan-Dec 2011 vs 2010

By Type of Prejudice

Jan-Dec 2011 vs 2010
