## **Introduction**

# **2014 ANNUAL OREGON CRIME REPORT**

## OREGON CRIME REPORTING REQUIREMENTS

The Oregon Uniform Crime Reporting program was established by authority of ORS 181.550, enacted by the 1973 Oregon legislature. This statute requires all law enforcement agencies to report crime statistics. The statute reads:

### **181.550 Reporting of crime statistics.**

- (1) All law enforcement agencies shall report to the Department of State Police statistics concerning crimes:
  - (a) As directed by the department, for purposes of the Uniform Crime Reporting System of the Federal Bureau of Investigation.
  - (b) As otherwise directed by the Governor concerning general criminal categories of criminal activities but not individual criminal records.
  - (c) Motivated by prejudice based on the perceived race, color, religion, national origin, sexual orientation, marital status, political affiliation or beliefs, membership or activity in or on behalf of a labor organization or against a labor organization, physical or mental disability, age, economic or social status or citizenship of the victim.
  - (d) And other incidents arising out of domestic disturbances under ORS 133.055 (2) and 133.310 (3).
- (2) The department shall prepare:
  - (a) Quarterly and annual reports for the use of agencies reporting under subsection (1) of this section, and others having an interest therein;
  - (b) An annual public report of the statistics on the incidence of crime motivated by prejudice based on the perceived race, color, religion, national origin, sexual orientation, marital status, political affiliation or beliefs, membership or activity in or on behalf of a labor organization or against a labor organization, physical or mental disability, age, economic or social status or citizenship of the victim;
  - (c) Quarterly and annual reports of the statistics on the incidence of crimes and incidents of domestic disturbances; and
  - (d) Special reports as directed by the Governor. [1973 c.130 §2; 1989 c.1028 §1; 1991 c.552 §1; 1993 c.188 §11; 2007 c.70 §46]

## **DEVELOPMENT and COLLECTION OF DATA**

Reports were developed based on data submitted from agencies across the State of Oregon. Law enforcement agencies submit their statistical information in one of two formats:

- Summary based reporting system: Oregon Uniform Crime Reporting, (OUCR)
- Incident based reporting: Oregon National Incident Based Reporting System (ONIBRS).

Data has been provided by OUCR and ONIBRS reporting agencies throughout the year; that data was utilized to compile this annual report. Please reference the Agency Reporting chart detailing the reporting format for each agency such as OUCR, ONIBRS, or both OUCR and ONIBRS, along with noting each month an individual agency reported data for the 2014 Calendar year.

The 2014 reports contain extracts from both OUCR and ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

The data included throughout this report may vary slightly due to the timeframe in which the numbers were collected. Agencies have the ability to submit updated numbers throughout the year based on newly developed offense or arrest information.

## **ACKNOWLEDGEMENTS**

The Oregon State Police would like to acknowledge and recognize participating Oregon law enforcement agencies for their dedication to the Oregon Uniform Crime reporting program. Without their efforts to provide crime data, this report would not be possible.

Oregon State Police would like to take this opportunity to remind agencies that the OUCR format will be discontinued in January of 2017. Any agency with plans to transition to NIBRS or ONIBRS can contact the Criminal Justice Information Services Division for more information on how to achieve this goal (see cover page for contact information).

#### Note on Population data:

The Annual Oregon Uniform Crime report does not provide an analysis of crime across the state; annual crime statistics are provided based on reported crime data.

Jurisdictional population data is not reported to the OUCR Program therefore it has not been included throughout this report. Use caution when comparing crime statistics between county or city agencies, in order to establish a comparable basis, population must be taken into consideration. Below are links to Annual Population Reports published by Portland State University. These reports present population estimates for Oregon and its counties and incorporated cities.

#### Note on definitions of Offenses and Arrests:

- The term “Offenses,” as used in this report for crime reporting purposes, is defined as “known criminal acts occurring within the reporting agency’s jurisdiction.” The reported offense counts are generated from receipt of a complaint or call for service. All reports of thefts and attempted thefts are included, regardless of the value of property involved.

Any law enforcement agency discovering, receiving a report, or investigating any offense occurring in its jurisdiction that would constitute a crime shall report these facts to the Oregon Uniform Crime Reporting (OUCR) monthly.

- The term “Arrest,” as used in this report for crime reporting purposes, may be defined as one or more of the following:
  1. The physical arrest of a person, adult or juvenile, held in jail, detention facility, or detained pending bail, hearing trial, etc.
  2. The issuance of a citation for a criminal offense. (A citation is issued for the person, adult or juvenile, to appear at a later date for felony, misdemeanor, or criminal violation charges, in lieu of being taken immediately into custody).
  3. The issuance of a traffic citation for appropriate traffic arrests listed in the OUCR manual.
  4. Persons, adult or juvenile, summoned or notified to appear in a court of law to answer criminal charges.
  5. Juveniles processed by police for criminal offenses and then released to parents, relatives, or guardians with no further action planned.

Any law enforcement agency arresting, citing or issuing a summons to any person (adult or juvenile) for any crime which occurred in its jurisdiction shall report these facts to OUCR monthly.

### **STATEWIDE INDEX CRIMES**

## STATEWIDE INDEX CRIMES

**INDEX CRIMES:** The crime Index was developed in the 1920s as a means of measuring crime on a national scale from one year to the next. Because state laws define crimes differently, specific crimes were chosen by the FBI to make up the Crime Index rather than include all reported crimes to compare at a national level. The following 8 crimes were selected because they are generally defined in the same manner from state to state.

The 8 crimes that make up the National Crime Index are:

Index Crime Categories	ONIBRS	OUCR
Willful Murder*	✓	✓
Forcible Rape*	✓	✓
Robbery*	✓	✓
Aggravated Assault*	✓	✓
Burglary*	✓	✓
Larceny (Theft)*	✓	✓
Motor Vehicle Theft*	✓	✓
Arson*	✓	✓

\* Indicates Index Crime

Oregon Statewide Index Crimes are reported to the FBI each year. The FBI publishes national reports using Index Crime data provided by each state. Please be aware that the Index Crime numbers published by the FBI may not match the Index Crime numbers reported in the Oregon Annual Report due to the date reports are collected. Oregon Law Enforcement Agencies have the ability to submit updated numbers throughout the year based on newly developed offense or arrest information.

The 2014 reports contain extracts from both OUCR and ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

Note: 'Over 3 Drug Types' number represents the number of offenses where there were more than 3 types of drugs to be reported by an agency in any given incident. In these situations the agency has reported the two most serious drug types and coded that there were more than 3 drug types present. Due to field restrictions up to 3 drug types can be reported in an incident; when there are 4 or more, agencies use the third field to indicate there are more than 3 by placing an X in the third field. The X is the FBI accepted method for reporting that there were more than 3 drugs types in an incident.

The OUCR Program is looking into a solution for future reporting. Please refer to ONIBRS Drug Law totals on page 17 in this section for general data on ONIBRS reported drug arrests.

## Law Enforcement Officers Killed and Assaulted

The killing or assault of a law enforcement officer has a harmful effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country.

The Law Enforcement Officers Killed and Assaulted (LEOKA) Report provides detailed statewide information on Oregon officers killed and assaulted in the line of duty, the type of activity surrounding the incidents, weapon type used, and assignment type.

When reviewing the LEOKA information, the following needs to be considered:

- The data in the tables reflects the number of victim officers, not the number of incidents or weapons used.
- Not all agencies reported crime data for all months in the 2014 calendar year. See pages VI-X in the Annual Report Introduction to review the chart showing agency reporting format and months crime data was reported.
- The Federal UCR Program considers any part of the body that can be used as a weapon (such as hands, fists, or feet) to be personal weapons and designates them as such in its data.

## Law Enforcement Officers Killed or Assaulted (LEOKA)

## 2014 Law Enforcement Employee Count by Agency

As required by the FBI, the following numbers represent Law Enforcement Employee Counts by agencies as of October 31, 2014. Employee Counts are reported through the online O-NIBRS Repository and through **mailed in** supplemental reports. Starting in 2014 these reports will be entered electronically into the online O-NIBRS Repository for both OUCR and O-NIBRS reporting agencies.

This report provides information on all full-time Law Enforcement employees, male and female, sworn and non-sworn on the payroll as of October 31, 2014 for each law enforcement agency. This includes any budgeted full-time positions currently vacant. Vacant positions are reported in the Male count appropriately for sworn or non-sworn position.

NOTE: Jail and Corrections officers who are paid from law enforcement funds are also included. Full-time, sworn jail/corrections officers who also perform routine patrol functions on a daily basis have been counted as Sworn Law Enforcement Officers. Officers whose authority duty does not extend outside the jail have been counted as Law Enforcement Support Employees (non-sworn).

NOTE: A full-time position shared between two part-time employees has been entered as one count for a full-time position. If the position is shared by two part-time females, it has been entered as one female. Positions shared by one part-time male and one part-time female, have been entered as one male.

The 2014 reports contain extracts from both OUCR and ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

Not all agencies reported crime data for all months in the 2014 calendar year. See pages VI-X in the Annual Report Introduction to review the chart showing agency reporting format and months crime data was reported.

### Note on definitions of Offenses and Arrests:

- The term “Offenses,” as used in this report for crime reporting purposes, is defined as “known criminal acts occurring within the reporting agency’s jurisdiction.” The reported offense counts are generated from receipt of a complaint or call for service. All reports of thefts and attempted thefts are included, regardless of the value of property involved.

Any law enforcement agency discovering, receiving a report, or investigating any offense occurring in its jurisdiction that would constitute a crime shall report these facts to the Oregon Uniform Crime Reporting (OUCR) monthly.

- The term “Arrests,” as used in this report for crime reporting purposes, may be defined as one or more of the following:
  1. The physical arrest of a person, adult or juvenile, held in jail, detention facility, or detained pending bail, hearing trial, etc.

\* Indicates Index Crimes

## Offenses and Arrests Summary by Agency

2. The issuance of a citation for a criminal offense. (A citation is issued for the person, adult or juvenile, to appear at a later date for felony, misdemeanor, or criminal violation charges, in lieu of being taken immediately into custody).
3. The issuance of a traffic citation for appropriate traffic arrests listed in the OUCR manual.
4. Persons, adult or juvenile, summoned or notified to appear in a court of law to answer criminal charges.
5. Juveniles processed by police for criminal offenses and then released to parents, relatives, or guardians with no further action planned.

Any law enforcement agency arresting, citing or issuing a summons to any person (adult or juvenile) for any crime which occurred in its jurisdiction shall report these facts to OUCR monthly.

The data in the following section is in Alphabetical County order with agencies by ORI order, which may not necessarily be alphabetical.

**DISORDERLY CONDUCT** – Includes all offenses which constitute a breach of the peace.

**DRUG LAWS** - Included are all violations (offenses, citations, arrests) of state and local laws, specifically those relating to the unlawful possession, sales, use, growing and manufacturing of illegal drugs.

**BIAS** – Indicates whether an offender was motivated, in whole or in part, to commit an offense because of a bias against a race, religion, disability, sexual orientation, or national origin group.

## GENERAL DEFINITIONS

**ARRESTS** – May be defined as one or more of the following:

1. The physical arrest of a person, adult or juvenile, held in jail, detention facility, or detained pending bail, hearing trial, etc.
2. The issuance of a citation for a criminal offense. (A citation is issued for the person, adult or juvenile, to appear at a later date for felony, misdemeanor, or criminal violation charges, in lieu of being taken immediately into custody).
3. The issuance of a traffic citation for appropriate traffic arrests listed in the OUCR manual.
4. Persons, adult or juvenile, summoned or notified to appear in a court of law to answer criminal charges.
5. Juveniles processed by police for criminal offenses and then released to parents, relatives, or guardians with no further action planned.

**INDEX CRIMES** – The crime Index was developed in the 1920s as a means of measuring crime on a national scale from one year to the next. Because state laws define crimes differently, 8 specific crimes were chosen by the FBI to make up the Crime Index and are referred to as index crimes. These 8 crimes were selected because they are generally defined in the same manner from state to state.

**L.E.O.K.A.** – Law Enforcement Officers Killed & Assaulted. The LEOKA Report provides detailed statewide information on Oregon officers killed and assaulted in the line of duty, the circumstances surrounding the incidents, type of assignments, and weapons used.

**OFFENSES** – Known criminal acts occurring within the reporting agency's jurisdiction generated from receipt of a complaint or call for service. All reports of thefts and attempted thefts are included, regardless of the value of property involved.

## Domestic Violence and Bias Supplemental Reports

ONIBRS reporting agencies are set up to automatically report their statistics on Domestic Violence and Bias crimes when they submit the regular crime data. Not all ONIBRS agencies reported crime data for all months in the 2014 calendar year.

OUCR reporting agencies submit supplemental reports through **mailed-in** forms for Domestic Violence and Bias statistics. See the chart below to review OUCR agencies that reported DV and Bias statistics in 2014. Domestic Violence reports are submitted quarterly and Bias reports are submitted as they occur.
