

FREQUENTLY ASKED QUESTIONS

Q: How much does an ignition interlock device cost?

A: To find out how much an IID will cost, contact a provider or visit a service center.

Q: Can someone else drive my vehicle with my device installed?

A: Yes, but they will need to use the device.

Q: Can I drive a rental/ loaner car without an interlock until my vehicle is fixed?

A: No. It is a violation of Oregon law for a person with an ignition interlock requirement to operate a motor vehicle without an ignition interlock.

Q: How long do I have to provide a breath sample when the device requests a test?

A: You have 10 minutes from the time the device alerts for a test to safely pull over and provide a breath sample.

Q: Will the IID shut off or stop my car while I'm driving?

A: No. A failed test will cause an alarm to activate continuously until the driver finds a safe place to pull over.

Oregon Ignition Interlock Device Oversight Program

Need an IID?
Here is what you need to know.

What is an IID?

The Breath Alcohol Ignition Interlock Device (BAIID or simply IID) is attached to the ignition of a motor vehicle. When properly installed and calibrated, the IID will prevent a driver from starting a motor vehicle if the device detects a breath alcohol concentration (BrAC) above the allowed alcohol set point.

IID Program

The Oregon State Police oversee the ignition interlock device, companies, service centers, and technicians throughout the state of Oregon. The program consists of law enforcement officers and support staff dedicated to ignition interlock device standardization, service center compliance and public safety.

WHERE DO I GET AN IID?

There are multiple companies in Oregon qualified to provide an IID.

1. **Visit <https://www.oregon.gov/osp>**
2. **Click on “Programs” and select “Ignition Interlock Device Program”.**
3. **You will find information about the program and a link to a map for service centers near you.**

If you have a current Oregon Trail Card issued by the Oregon Department of Human Services, you may qualify for financial assistance.

For more information please contact the Oregon Health Authority.

Violations of the IID Program

- If you drive a motor vehicle without a device.
- If you fail a breath test.
- If you tamper with your device or camera.
- If you fail to have your device calibrated at a service center.
- If you solicit another to provide a sample into your device.
- If you fail to provide a rolling retest.
