|----------------------------|----------------------------|----------------|

Section 2 – Manufacturer’s Representative Information

| | |
|------------------|-------|
| IID COMPANY NAME | PHONE |
|------------------|-------|

Section 3 – Removal Acknowledgement

- I understand that I may remove my ignition interlock device at any time.
- I understand that the removal of the ignition interlock device is at my own will.
- I understand that removing the ignition interlock device early may result in not completing of my ignition interlock requirement.
- I understand that upon removal of the ignition interlock device, the manufacturer’s representative and/or the service center performing the removal service will send notification of device removal to the Oregon Department of Motor Vehicles (DMV) and Department of Oregon State Police Ignition Interlock Device Oversight Program (OSP-IID), as required.
- If I have an ignition interlock device removed prior to the completion of my ignition interlock device requirement, I understand that the DMV may send me a Notice of Suspension, and unless I have an ignition interlock device installed within 45 days, I may receive a Notice of Suspension from DMV.
- I understand I may confirm my ignition interlock requirement period by referring to my court issued paperwork or by contacting the DMV at 503-945-5037.
- I understand that the manufacturer’s representative and the service center within the manufacturer’s representative’s network is not responsible for the completion of my ignition interlock device requirement and/or any resulting breaks in my ignition interlock device requirement period as a result of early ignition interlock device removal.
