

# STATE OF OREGON EVACUATION LEVELS

## LEVEL 1: “BE READY” FOR POTENTIAL EVACUATION

Be aware of the danger that exists in their area and monitor emergency services websites and local media outlets for information. This is the time for preparation and precautionary movement of persons with special needs, mobile property, and (under certain circumstances) pets and livestock. If conditions worsen, emergency services personnel may contact you by the emergency notification system.

## LEVEL 2: “BE SET” TO EVACUATE

**You must prepare to leave at a moment's notice.**

There is significant danger to your area, and residents should either voluntarily relocate to a shelter or with family/friends outside the affected area, or if choosing to remain, be ready to evacuate at a moment's notice. Residents MAY have time to gather necessary items, but doing so is at their own risk.

**This may be the only notice you receive.** Emergency services cannot guarantee they will be able to notify you if conditions rapidly deteriorate. Area media services will be asked to broadcast periodic updates.

## LEVEL 3: “GO” - EVACUATE NOW

**Leave immediately.**

Danger to your area is current or imminent and you should evacuate immediately. If you choose to ignore this advisement, you must understand that emergency services may not be available to assist you further. Do not delay leaving to gather any belongings or make efforts to protect your home.

**This will be the last notice you receive.** Entry to evacuated areas may be denied until conditions are safe. Area media services have been asked to broadcast periodic updates.
