Occupational Therapy Licensing Board

The Occupational Therapy Licensing Board (OTLB) regulates the practice of occupational therapy through licensing and disciplinary programs. The Subcommittee recommended a budget of \$797,539 Other Funds expenditure limitation and two positions (1.50 FTE), which is a 5.5% increase from 2023-25 legislatively approved budget and provides the Board with an ending balance of approximately 11 months of operating expenses. The Subcommittee recommended the following package:

- **Package 090: Analyst Adjustments.** This package decreases OTLB's ongoing Other Funds expenditure limitation by \$18,734 in Facilities Rental and Taxes to reflect OTLB's new monthly rental rate following a restack of their office space.

This summary has not been adopted or officially endorsed by action of the committee.

AGENCY SUMMARY

AGENCY SUMMARY

Mission Statement and Statutory Authority: The Occupational Therapy Licensing Board was created in 1977. Oregon was the seventh state to have licensure laws for the Occupational Therapy profession. The Board's mission is to protect the public by supervising occupational therapy practice, and assuring safe and ethical delivery of occupational therapy services in Oregon. The Board's authority and responsibilities are defined in ORS 675.210 through ORS 675.340 and Oregon Administrative Rules Chapter 339.

License numbers increased between 2018 and 2020 to over 3000 practitioners. However in 2020, renewals occurred during the outbreak of COVID-19, 22% did not renew. The numbers grew back to over 3050 licensee, however in 2022, 24% did not renew, there was no growth. In 2024, the numbers again grew back up to 3,066 licensees, however in 2024, again 24% did not renew and there was no growth.

2023-2029 Six Year Agency Plan

The Board reviews the disciplinary process, and matrix for disciplinary complaints or misconduct. The Board will focus on supervision issues, therapists working in schools, and Telehealth. We continue to track Pain Management and are now tracking cultural competency CE. We continue to collect workforce data. The Board has its new database in place helping the Board better track data and issue licenses and renewals more efficiently. Pacific University has an OT doctorate program. Linn-Benton Community College has an OT Assistant program that offers distance learning. There are 2 new OT schools opening up in Oregon. Western Oregon University has an OTD program starting in 2024, and George Fox university an OTD program starting in 2024. The board implemented FBI fingerprint background checks in 2018 for all new applicants and continues to run Law Enforcement Data System (LEDS) on all licensees prior to renewals. The board implemented a new military spouse temporary license in 2019. The board held a strategic plan session in September of 2022.

The Board has adopted the following initiatives to achieve its goals:

- Maintain and increase the current level of **efficiency**: The two year online renewal with credit card or check payment is mandatory and includes collection of Supervision information, Workforce Data, Pain Management and Cultural Competency CE. The Board tracks supervision for OT Assistants by cross checking and following up on education about supervision requirements. The online application and renewal process is streamlined and paperless. The Board maintains updated information on their website www.oregon.gov/otlb for license verifications, applications, continuing education and supervision as well as FAQs.
- Assure that all licensed occupational therapy practitioners **update their professional skills**. The Board completed online confirmation of new Pain Management and Cultural competency CE will continue to monitor completion of these requirements for all new licensees. All licensees who are not currently certified must upload their 30 points of CE completion certificates during the renewal process. The Board conducts random CE audits on non-certified licensees.
- Work with licensing boards, regulatory agencies, the governor's office and the legislature to **identify common concerns** on licensing, discipline, mandatory reporting, workforce assessment, background checks and other requirements to benefit citizens of Oregon.
- Provide consumers with information on what to expect from occupational therapy services and how to file **complaints**. Provide education to licensees about proper conduct including the requirement to report misconduct of any health professional in Oregon. The Board has a free online law/ethics exam required for each new applicant.
- Meet with the OT community, and present information at the annual OT Association of Oregon conference. The Board Director talks to students at the OT school at Pacific University and the OT Assistant School at Linn-Benton Community College before they graduate. The OT Assistant school provides an online program to improve availability of OT Assistants in smaller communities. There is a new handbook available for all students/new graduates.

2022-2026 Four Year Agency Plan: The focus of the Board:

- Make discipline process effective to protect the public with focus on education, and providing information on website.
- Encourage relevant Continuing Education to elevate practice and evaluate and audit continuing education records.
- Track completion of the on-line Pain Management & Cultural Competency Continuing Education and Work Force Date requirement for licensees.
- Work with other health boards on common disciplinary issues on investigations, background checks, DUI, reporting misconduct.
- Continue to provide efficiency and cost savings with the online two-year license renewals with credit card payment.
- Provide website information on applications, newsletters, laws and administrative rules, and changes.

The Board continues to improve its licensing, fast and convenient online information, including verification of licenses, and answering questions on practice, application procedures and continuing education.

Criteria for 2025-2027 Budget Development:

In developing the 2025-27 Budget, the Board considered projected revenues and proposed expenditures, using as its criteria to evaluate each budget component whether it:

- Contributes to public safety.
- Is required for licensing, investigation and disciplinary functions?
- Enhances customer service.
- Improves and streamlines agency operations.
- Requires changes to existing laws and rules to improve Board process and procedures.

Environmental Factors:

- State and Federal changes to health care affect OT practice. About 21% in the Hospitals: Inpatient, 16% in Private outpatient/clinics, 13% in Skilled Nursing Facilities/Long Term Care, 13% in Home Health/Hospice and. Others work in schools and other facilities.
- The number of medically fragile children, the aged and disabled population has grown in Oregon. Medical/technological advances extend survival rates and there is an increased need for rehabilitation OT services to improve functional capacities.
- There is increased need for OTs to work with patients and families who have children with low birth weight, AIDS exposure, illegal drug use and increased numbers of developmental handicapped, including soldiers returning from war to help train them in appropriate care.
- Occupational therapists in private practice rises with more diversification of practice i.e. ergonomic studies in industrial settings, consultation in ADA compliance, and vision care, working with children, and wellness health care to name a few.
- NBCOT, the National Certification Board requires at least a master's degree in OT. Pacific University has an OT doctorate program and starting in 2024, Western Oregon University and George Fox will begin their OTD programs. Linn Benton Community College has an OT Assistant program that offers distance learning.
- Older driver safety is a public health issue. OTs are trained in driver rehabilitation. They understand demands of driving and use their skills to evaluate individual's ability to operate a vehicle safely, and provide rehabilitation to strengthen their driving skills.
- Many contract therapists travel for limited duration and extended periods of time to fill the needs of the community for OT. The therapists maintain licenses in multiple states. There is an increase in temporary assignments in rural and more isolated areas.
- Employment growth is projected according to America's Labor Market Information System. The Oregon Healthcare Workforce Needs Assessment shows a 12% increase making OT much faster than the average for all occupations.

Program Descriptions:

The Occupational Therapy Licensing Board issues licenses to qualified applicants as they apply, and renew licenses in even numbered years. The mandatory pain management CE course and cultural competency CE is required at every renewal. Workforce data has been collected by the Oregon Health Authority every renewal since 2012. The Board regulates occupational therapy practice by monitoring its licensees. It receives complaints and reviews them to determine whether complaints fall within the Board's authority, and if so, obtains information to establish whether a violation has occurred. The Board reviews investigative reports to obtain information needed to make a

fair and objective decision. If a violation is found to have occurred, the Board takes appropriate disciplinary action. The Board consults as needed with the Attorney General's office for legal advice on disciplinary and related administrative matters.

The Board's budget is supported solely by Other Funds from license applications and renewal fees. A small amount of revenue is made up of late fees and licensee lists.

The **25-27 Agency Projected Revenues** All Other Funds: No fee increase is necessary.

Projected Revenues \$ 755,030 Per CSL sheet, ending balance from 23-25 is \$359,171.

KEY PERFORMANCE

The Board has links to the Oregon Benchmarks on its web site: www.oregon.gov/otlb

MEASURE CRITERIA:

The Occupational Therapy Licensing Board had four **Key Performance Measures:**

Customer Satisfaction: Percentage of customers rating satisfaction with agency's customer service as good or excellent in overall customer service and in timeliness, accuracy, helpfulness, expertise and availability of information, is in the 97%-100% range.

Board Best Practices: The Board met all criteria for best practices again in 2022 and 2023. Board members have reviewed the criteria for best practices every year since 2006 and complete evaluations of Board standards.

Timely Issuing of licenses: This measure gives the percentage of licensing application processed within a target of five days after receipt of all required documentation. The Board issues licenses within 3 days of receipt of all required documentation 97 percent of the time.

Timely Complaints reviewed by Board: The measure shows what percentages of complaints are brought before the board for consideration within 120 days of receipt of complaint. Since the Board has fewer complaints relative to other health boards, about 18-24 complaints a year, the Board investigates and resolves complaints that come to the Board's attention quickly.

Prior to renewals in 2022 the Board completed a LEDS (Law Enforcement Data System) check on ALL licensed practitioners and will continue to do so prior to every renewal period. As of Jan. 1, 2018 the Board requires Fingerprint background checks for all applicants for licensure, limited permits and reinstatements. There is also an increase in number of complaints including applications that have to be considered by the Board due to arrests and or discipline taken by another state. The Board takes appropriate disciplinary action if applicants and licensees are found to be in violation of state regulations. Some complaints do not violate statutes or rules (i.e. they are personnel matters, resolved by the employer) so are beyond the scope of the Board's jurisdiction. The Board does not find a violation on some complaints, and when there is no patient harm, often uses education to improve how licensee provided services. Other disciplinary actions are reprimands, probationary license with specific conditions, suspensions and revocation of licenses. The board strives to resolve cases by Consent Order. One case went to hearing although the licensee did not show.

MAJOR TECHNOLOGY PROJECTS \$500,000: Not Applicable to Agency

INFORMATION TECHNOLOGY PROJECTS OVER \$75,000: The Board faced a monumental change for the 2019-21 biennium. The Board replaced its entire IT infrastructure using various solutions. In prior years, the Board's total IT infrastructure has been handled by a single outside contractor. The scope of work included: IT management of firewall security, network administration, email, files and folders, desktop maintenance, and the Board licensure database development, management and maintenance. The board has a new

licensing system now in place with its vendor, Thentia. The OT Board's share of this contract has been approximately \$10,000 per biennium.

LIFECYCLE REPLACEMENT PLAN: The Board continually reviews its technological needs. The Board continues joint business initiative designed to pool the technology funds of seven small agencies to create a compatible network/hardware system and to contract for database and network administrator to provide basic technical support, including recommendations for selection of electronic equipment and programs. The initiative includes funding to replace and upgrade equipment to maintain appropriate data management. The Board successfully continues online licensing with credit cards and now applications are online and applicants can pay by check or credit card.

REDUCTION OPTIONS: Form 107BF17 **House Bill 3182 Reduction Option** Form follow in **Section E Special Reports**.

SUSTAINABILITY: Not required for Agency; however online renewals are successful and streamline the process without paper.

LEGISLATIVE PROPOSALS: There are no legislative proposal.

REGULATORY STREAMLINING: The Board continues delivering excellent customer service and works toward streamlining agency operations. During the 2023-2025 biennium, the Occupational Therapy Licensing Board will continue to implement changes to improve how daily business operations are handled with reduced costs and renewal fees. The Board collect new data with the online renewals late year. The majority renewing their licenses paid by credit cards, reducing paperwork and procedures needed for processing checks. The Board works hard to update contact and e-mail records. Newsletters and other information are sent by e-mail and posted on the web site. Customer satisfaction is very high. Using the Website and e-mail, information is available easily and quickly. Requests for written verification is through the License portal. The board now charges \$25. Verifications are usually sent within two days, and we will send by mail or by email, if requested. To save costs in hiring more help the Director has interagency contract with the Mental Health Regulatory Agency to utilize their investigator, as needed.

2025-2027 Regulatory Streamlining Plan

The Board continues to review regulations and procedures to identify opportunities for streamlining and reducing regulatory burdens without compromising standards. The Board keeps the Regulatory Streamlining Office informed of improvements, especially the online paperless renewal and application process. The Board continues to monitor current practices within the profession in an effort to identify and reduce regulatory burdens. Methods for identifying opportunities include but are not limited to:

- Regular review of licensing and renewal processes with focus on paperless procedures
- Encourage stakeholder input during legislative and administrative rulemaking processes, and board strategic planning
- Consider national trends and standards in licensing occupational therapists especially on continuing education
- Utilize customer survey responses to identify strengths and weaknesses

The Board continues collaborative and streamlining initiatives with the other Portland 833 Health Related Licensing Boards in Suite 407 using flexible solutions for its regulatory programs. These health care licensing boards share the cost and work on their IT database with the multiple functions needed to successfully support the agency's programs. The Board also works with all health licensing Boards and the Governor's office to share information and processes, such as doing background checks. All formal complaints are posted on the Licensee Look Up at <https://hrlb.oregon.gov/otlb/licenseelookup> for public access. The accounting, audit and programming functions are coordinated with credit card payments. A copier with scanner allows for continued savings by sending out documents online. The web site is continually updated to provide quick and efficient access to information.

Information technology purchasing and network administration is shared, offering additional stability and purchasing strength. The Board has a short, anonymous, Customer Service Survey which automatically collates responses. The Board reviews all comment received. The seven boards developed an effective Business Continuity, Risk Management and Security Plan should a Director or the office have emergency needs with oversight to assist those affected. The Affirmative Action Plan was submitted and posted on the web site.

RE: DEI Plan Memo

The Occupational Therapy Licensing Board is governed by state statutes and rules, ORS 675.210-675.340 and OAR Chapter 339. The board's mission is to protect the public and assure safe and ethical delivery of occupational therapy services in the state.

RE: 2025-2027 Occupational Therapy Licensing Board Affirmative Action Plan

The Executive Director and members of the Occupational Therapy Licensing Board (Board) recognize and appreciate the benefit of Affirmative Action. The Board pledges its commitment to promote best practices in support of equal employment opportunity and to achieve the full and fair contribution of underserved communities, women, people with disabilities, older persons, and all protected classes found to be under utilized in the workforce.

Although the Board is small, with just two staff members and five board members, the Board realizes that affirmative action and diversity, equity and inclusion go beyond the employment realm. The Board consciously considers these elements of affirmative action when recruiting new Board members, and in dealings with vendors, contract workers and in service to the public.

To meet the objectives of the Board's Affirmative Action and Equal Employment Opportunity initiative, the Board has prepared an Affirmative Action Policy and a Summary Statement that will serve to eliminate and prevent discrimination of all protected classes.

As Agency Director and Affirmative Action Representative, I pledge uphold and support compliance with the Board's Affirmative Action Plan and Policy, to ensure equality and avoid discrimination, and to promote a workforce that is representative of the population as a whole.

Thank you for your continued direction and support.

Respectfully submitted,

Nancy Schuberg
Executive Director

2025-2027 Affirmative Action Plan

Affirmative Action Statement

The Occupational Therapy Licensing Board will not tolerate discrimination or harassment on the basis of age, color, marital status, mental or physical disability, national origin, race, religion, gender, sexual orientation, or any reason prohibited by state or federal statute. Nor shall the Board do business with any vendor/provider for the state of Oregon who discriminates or harasses in the above-described manner. All personnel, licensing actions and disciplinary actions of the Board shall be administered according to this policy.

All staff of the Board shall adhere to the Affirmative Action Policy and Plan. It is the duty of employees of the Board to create a job environment atmosphere that is conducive to non-discrimination policies and free of any form of discrimination or harassment. The application of this policy is the individual responsibility of all administrative staff, and each shall be evaluated on his/her performance in achieving this affirmative action policy as well as in other job performance criteria. The Affirmative Action Plan is posted on the Board's website and a hard copy is available at the Board office. Posters detailing state and federal employment laws are on display in the Board office common area.

All employees are advised of the procedure for lodging a discrimination/ harassment complaint, and all employees with concerns of any kind related to affirmative action shall be encouraged to bring them to the attention of the Executive Director or the Board Chair.

It is further the policy of the Board to establish and maintain this program of affirmative action to provide for a method of eliminating any effects of past or present discrimination, intended or unintended, which may be indicated by analysis of present employment patterns, practices, or policies.

Diversity, Equity and Inclusion Statement

The Occupational Therapy Licensing Board is committed to equitable treatment and elimination of discrimination in all its forms. The Board recognizes the rights of all individuals to mutual respect, acceptance of others without biases based on differences of any kind.

The Board values its staff and Board members. Recognizing the uniqueness of everyone and the contribution that each can make, respecting those of different cultures and creating an inclusive work environment where awareness of, and respect for, those of different backgrounds is promoted.

The Board Director spent three and a half years living abroad in China and Thailand and continues to celebrate diversity in her work and personal life through friendships, reading, cultural events, films and contact with people of diverse backgrounds. She pledges to act immediately if made aware of any employee or Board member engaging in any type of harassment.

Board staff and Board members of the Occupational Therapy Licensing Board will be treated with respect and dignity.

Occupational Therapy Licensing Board

2025-2027 Affirmative Action Plan

Progress on 2023-2025 Affirmative Action Goals

The Board recognizes the value of individual and cultural differences. Being a small Board with just 1.5 FTE and no personnel activity did not lend itself the opportunity to do much in the way of diversity staffing considerations during the 2023-25 plan period.

The OT Licensing Board is comprised of five members. The range in age is from 41 to 73. In the 23-25 biennium, the board replaced three of its board members. 1) The board replaced a male OT member who retired after 40 years of service to the OT profession. Under the guidance of the Governor's office of Executive Appointments, the Board recruited the newest member from outside the Portland Metro area to increase the geographic diversity of the board. The new member is a white woman, who works in the Willamette Valley. 2) The board appointed a new public member to replace its former member, an African American male who reached the end of his second term. The board replaced him with a white woman who has two children, both recipients of occupational therapy services. 3) The board appointed a second new public member to replace its former member, an African American male who retired from the board due to illness. The board replaced him with a white woman who has is a long term recipient of occupational therapy services.

The Board Director continues to create a welcoming environment by fostering an acceptance of people's differences and treating everyone with respect and professionalism whether they are staff or customer.

The Board Director shares information from DEI/AA meetings with staff and the Board. The Board will continue to display the agency commitment to the Affirmative Action Plan by posting the link on their website homepage and displaying a copy in the Board office and make copies available when considering new vendor/contract relationships.

The Board Director forwards notices and emails about cultural activities, webinars and other information that supports diversity and tolerance to licensees, Board members and staff. During the 2022-24 period, board staff (Nancy Schuberg) attended a course entitled "Improving DEI in the workplace," and completed the NBCOT webinar series "Diversity, Equity, and Inclusion in the Regulatory Space." Board staff (Nancy Schuberg and Rachel Cillo) both completed the AOTA modules on DEI, "Diversity, Equity and Inclusion 101," "Addressing Unconscious bias" and "Uncovering Microaggressions."

The Director continues to work with the Oregon Health Authority to collect workforce data during every renewal period. In 2020, the Board established rules in accordance with HB 2011 (2019) requiring all licensees to complete continuing education on cultural competence during every renewal period.

In 2023, the Director received a performance evaluation from the Board Chair and was evaluated positively on her effectiveness in achieving the Boards Affirmative Action objectives.

On a national level, the *Allied Health Workforce Diversity Act* (H.R. 3320/S. 1679) was included in the large year-end 2023 omnibus bill which was signed into law by President Joe Biden on December 29, 2022. It will support efforts to ensure the nation has a health workforce that is representative of its population and continue to expand access to health care for everyone.

Under this new program, the Health Resources Services Administration (HRSA) will award grant funding to accredited higher education programs of occupational therapy, respiratory therapy, physical therapy,

speech language pathology, and audiology to support their efforts to increase opportunities for students from underrepresented and disadvantaged backgrounds. Modeled after a similar grant program for nurses, funding will support efforts by the program to attract, recruit, and retain individuals underrepresented in these professions.

2025-2027 Affirmative Action Goals

Being a small Board with just 1.5 FTE and no personnel activity does not allow the opportunity to do much in the way of diversifying staff. However, in the upcoming plan period the board will replace its OTA board member and the Board will look for opportunities to further diversify its profile.

In recruiting the new OT assistant board member, the OTLB will work to increase diversity of the board membership through efforts to encourage men, disabled persons and underserved communities to seek positions on the board. This will be accomplished through notices on the Board website, e-newsletter and through efforts to coordinate with the Governor's office of Executive Appointments to select diverse candidates. Applicants will be informed that the board values and is committed to workforce diversity and will be provided with the board's current Affirmative Action plan.

The board's strategy for retaining its board members and staff includes encouraging a welcoming environment, keeping doors open for questions and answers and treating employees with respect and dignity. Board members and staff will continue to be provided with opportunities to attend affirmative action and diversity-related training courses. The board handles all its own HR matters. It does not receive services from another agency.

The board will continue to work with the Oregon Health Authority to collect workforce data collection for licensees and to inform licensees of free and low-cost opportunities for cultural competency continuing education.

The Director will act immediately if made aware of any board employee or board member engaging in any type of harassment or discrimination. The board and staff will be reminded on an annual basis starting with the August, 9, 2024 board meeting on how to file a complaint and who to notify.

In compliance with ORS 659A.012, the Director will continue to be evaluated on compliance with the agency's AA and DEI objectives in her biennial performance evaluation.

The board's AA plan, DEI plan and strategic plan goals are consistent in its goals of providing ongoing educational opportunities for board members and staff.

As part of Governor Kotek's expectations, the board submitted its succession plan and it was accepted by CHRO on 1/9/2024.

The board does not contract with any vendors.
