

Invitation for PUBLIC ENGAGEMENT

OWEB Climate Resolution 01-2022

Join Us For A Discussion About the OWEB Board Climate Resolution.

Attendees will receive an overview of the climate resolution and learn from other stakeholders about the potential challenges and opportunities associated with implementing recommendations in the climate resolution.

Your voice is valued at these public engagement sessions. This feedback will be used to inform considerations around Oregon Watershed Enhancement Board rulemaking and possible climate-focused evaluation criteria in grantmaking.
