

Marijuana Producer Exempt Water Form

This document is intended to fulfill the requirements in OAR 845-025-1030(4)(g)(D) and to serve as proof that the source of water described on this form intended for use in the cultivation of marijuana for commercial purposes is a source that does not require a water use permit or certificate from the Oregon Water Resources Department (OWRD). This determination is based in part upon the information provided by the producer. OWRD staff may need to conduct a site visit to determine if the proposed water source is exempt. Incorrect or falsified information from a producer or a producer's representative shall invalidate this proof.

OWRD makes no assurances about the sufficiency of the water source described on this form to meet the cultivation needs of the producer. Producers must ensure that they have a sufficient source of water to serve all of their operation's needs.

This form does not constitute evidence that the producer is in compliance with Oregon's water laws nor provide any assurance that other sources of water as may be used by the producer in the cultivation or processing of marijuana do not require a water right.
