*Items in italics are intended to provide a quick grounding for RAC members and whether a rule change is implementing legislation, a rule update or clarification, a process improvement or some other substantive policy change. OWRD acknowledges that there may be different opinions as to whether an item is a substantive policy change or a rule update and encourages RAC members to review all materials. OWRD has done an initial rough cut in an attempt to assist RAC members per request at the first RAC meeting. Due to the short turnaround to fulfill this request, OWRD cannot assure accuracy.

Division 325

ASSIGNMENT ~~OFF~~FOR A WATER RIGHT PERMIT ~~SPLIT~~ AND REQUEST FOR ISSUANCE OF REPLACEMENT PERMITS

Rule Title Summary: This rule title is amended to better define the scope of this division of rules.

690-325-0010

Purpose

The rules in OAR chapter 690, division 325 establish requirements and procedures to implement assignments under ORS 537.225 to 537.227. Except for OAR 690-325-0100, these rules shall apply to applications for assignments submitted on or after April 1, 2026. Applications for assignments submitted before this date shall be subject to the rules in effect at the time of submittal. The applicability of OAR 690-325-0100 is subject to and governed by OAR Chapter 690, Division 002., except 690-325-0100. These rules that shall be used by the Department to evaluate an application by a landowner of record holding a water right permit for irrigation, nursery, temperature control, stock watering or agricultural water use, to assign all or part of the water right permit and to issue a replacement water right permit to reflect an assignment from the current water right permit holder to one or more additional water right permit holders. These rules do not replace OAR chapter 690-320-0060, which governs assignments under ORS 537.220 and 537.635.

WRD 4-2014, f. & cert. ef. 11-25-14

Rule Summary: This rule is amended to refer to the standards in OAR Chapter 690, Division 305, which improves clarity and consistency in mapping requirements across water right transactions; the rule also is amended to align with terminology used in statute (ORS 537.225).

In order to allow for digital signature by a certified water right examiner (CWRE), this rule is also amended to refer to OAR 690-014-0050 (Certification of Water Right Examiners) which, as amended in v2 of the OAR 690-014 draft proposed rules, allows OWRD to accept digital seal and signature as long as the CWRE meets OSBEELS rules regarding digital seal and signature.

690-325-0060

Receipt of Application; Fees

(1) The applicant is required to pay the Water Resources Department the full cost to the Department of processing the application.

(2) Within 15 days upon receipt of an application containing all the requirements described under OARs 690-325-0040 and 690-325-0050, the Department shall estimate the actual cost of work involved in processing the application.

(3) The Department shall notify the applicant of the estimate of the actual cost of work and provide a time period of:

(a) 30 days for the applicant to submit the appropriate fees covering the estimated actual cost of work, or

(b) Upon a written or e-mailed request from the applicant, a reasonable time period greater than 30 days to submit the appropriate fees.

(4) If the Department does not receive the appropriate fees after the expiration of the appropriate time period described in OAR 690-325-0060(3), the Department will send notice to the applicant that if the fees are not received by the Department within 10 days of the mailing of this notice, the Department will consider the application incomplete and will notify the applicant that the application is not properly filed and that the application will be of no further force or effect.

(5) All required fees must be received before the final assignment is made and replacement water right permits reflecting the assignment are issued. Excess fees will be returned after the final order is issued.
