The Developmental Approach

Insights into Action

Our Data Culture Framework

Hard on Data, Intentional with People

We challenge the information, not the individual.

Healthy tension strengthens our thinking.

If You Don't Know Your Data, You Don't Know Your Business

Understanding our metrics is a shared responsibility.

Knowing your data builds credibility and informs better decisions.

Transparency Builds Trust

Sharing successes and struggles strengthens our collective effectiveness.

Can't Manage a Secret

No one has to carry the issues alone.

Open communication enables accountability and shared solutions.

Complexity is the Enemy of Execution

Simplicity and clarity accelerate progress.

Keep it understandable, actionable, and measurable.

Collective Accountability

We rise together. Data ownership matters, but improvement is a team sport.

We turn data into direction — not just to report, but to refine, learn, and improve

What We Do

*Financial Services
encompasses Accounting,
Budget, and Procurement.*

ORGANIZATION

Accounting provides accurate, accountable, and responsive financial management to internal and external stakeholders. Services include accounts payable and receivable, inventory and capital asset tracking, management of youth trust accounts and work programs. Additionally, it oversees the agency's capital financing portfolio.

Budget provides financial planning and development, fiscal analysis, spending plan monitoring, and technical support to OYA leadership, managers, and staff in Program Support, Community Services, and Facility Services.

Procurement manages the preparation, issuance, and awarding of contracts to qualified vendors. It aims to enhance purchasing efficiency, ensure compliance with state and federal contracting laws, and prioritize contracts with firms certified by the Certification Office for Business Inclusion and Diversity (COBID).

Definitions

Term	Definition
Agency Transfers	An internal electronic method for paying other State of Oregon agency invoices within the statewide accounting system.
AP	Accounts Payable – the staff in accounting who review and enter invoice data in our accounting system to generate payments to contractors, vendors, employees, and other state agencies.
IT Purchase Order	An Information Technology Purchase Order (IT PO) is a contract between OYA and a Contractor. IT POs are designed for software, hardware, and technology-related purchases. IT POs often require additional state reviews and the negotiation of supplemental license and maintenance terms.
Mass Approvals	Employee timesheets that were submitted but not approved in Workday by an OYA supervisor by the due date are 'mass approved' each month by DAS to ensure employees receive a paycheck.
Medicals	Medicals are a category of invoices processed through a standardized triplicate form, a 'Medical Voucher (MV).' The use of a Medical Voucher helps facilitate the provision of contractual terms to providers as well as the gathering of appropriate approvals and applicable coding for OYA.
Non-IT Purchase Order	A Non-Information Technology Purchase Order (Non-IT PO) is a contract between OYA and a Contractor. Non-IT POs are designed for purchasing goods or other low-risk simple purchases and include standardized language and simplified terms and conditions.
Other Payments	This category of invoices includes all contract payments, utilities, expense vouchers, and other miscellaneous invoices.
Purchase Order	A Purchase Order (PO) is a contract between OYA and a Contractor. The standalone use of the term "PO" or "Purchase Order" refers to both IT POs and Non-IT POs.
Ready to Pay	Invoices received in Accounting contain all applicable and accurate data to immediately process for payment. This means, the invoice has been reviewed by the Contract Administrator and deemed compliant with contract terms, approved by the applicable manager with expenditure authority, and includes applicable budget coding.
Services Purchase Order	A Services Purchase Order (SPO) is a contract between OYA and a Contractor. SPOs are designed for lower-risk standardized/non-customized services not to exceed \$250,000.
Travel	Travel Expense Sheet reimbursement claims for expenses incurred while traveling on official state business.

Performance Metrics

Accounting – Invoice Payment timeliness met the 45-day target in May

The primary driver of AP turnaround time is the delay between the invoice date and when Accounting receives the invoice.

Accounting – Invoice Payment by Category

Medicals typically require more processing time in Accounting. All other invoice types met the 45-day target in May.

Accounting – Invoice Payment by Division/Area

By division/area, payments for Facility Medicals were linked to extended processing times in May.

May 2026

Note: N = number of invoices paid

Accounting – Payroll Mass Approval

Monthly mass approvals have increased since March.

Note: DAS did not send Mass Approval figures for December 2025 due to a Workday issue. DAS advised April 2026 data was incorrect.

Procurement – PO Timeliness

Purchase Order processing time in May met the 15-day target.

Procurement – PO Timeliness by Type

Both Non-IT POs and IT POs met the timeliness target in May.

Procurement – SPO Timeliness

SPO timeliness consistently outperforms the DAS completion time standard.

Procurement – Contract Timeliness

The average time to process contracts in May was within the range of prior months. DAS has not established a time standard for contract completion.

The average contract processing time between October 2025 and May 2026 was 47.3 days

July Updates!

COBID*

July 2026 Update

OYA Procurement continues to be involved in state rule revision processes related to COBID as well as work at the agency level to prepare for future process changes and ensure ease of implementation.

Per Action Item 3.1 Susanna is working with Sandra to join the small business conversation with Joe.

Contract Timeliness

July 2026 Update

Last month we shared our contract processing map/the general process we follow for all contract requests. We also spoke about our goal of providing discrete timeframes for each step in the contract process and our related efforts, noting that we aim to have that level of detail added to slide 17 within the *next few months*.

We continue to do that work and estimate having the data added to the slide for the September IMPACT review.

Budget – Regular and Overtime in Facilities

Current biennium

The percentage of hours paid as overtime has been trending downward so far this biennium; however, there was a slight uptick from April (9.3%) to May (9.7%).

Budget – Overtime Hours by Facility Location

Current Biennium to Date (July 2025 – May 2026)

Overtime hours are at or above 10% at MacLaren, Tillamook, and Oak Creek this biennium to date.

Percentage of Total Hours paid as Overtime

Overtime Hours Worked (biennium to date)

Average Monthly Overtime Hours per Budgeted Bed (biennium to date)

Budget – Facility Overtime Hours per Budgeted Bed* Year-Over-Year

Facility overtime hours have remained consistently below prior-year levels since November 2025.

* Facility Budgeted Beds FY 2025–2027 = 407

Budget – Projected Spending vs LAB

Actuals through May 2026 Fiscal Month Close

4 of 8 program areas are forecast to spend above budget.

Closing Updates

High-Priority Work

Is there any high-priority work happening in your department that we don't see reflected in some way in these slides?

Employee Engagement

Updates on employee engagement efforts and areas of focus.
