## Our Data Culture Framework

### Hard on Data, Intentional with People

We challenge the information, not the individual.

Healthy tension strengthens our thinking.

### If You Don't Know Your Data, You Don't Know Your Business

Understanding our metrics is a shared responsibility.

Knowing your data builds credibility and informs better decisions.

### Transparency Builds Trust

Sharing successes and struggles strengthens our collective effectiveness.

### Can't Manage a Secret

No one has to carry the issues alone.

Open communication enables accountability and shared solutions.

### Complexity is the Enemy of Execution

Simplicity and clarity accelerate progress.

Keep it understandable, actionable, and measurable.

### Collective Accountability

We rise together. Data ownership matters, but improvement is a team sport.

*We turn data into direction — not just to report, but to refine, learn, and improve*

Term	Definition
<b>OYA Foster Home</b>	A home in the community that is maintained and lived in by a foster parent/s who provides care, supervision, food, and lodging on a 24-hour basis for an adjudicated youth in that home certified by the OYA foster care unit.
<b>OYA Proctor Home*</b>	A home in the community that is attached to a contracted residential program that is maintained and lived in by a proctor parent/s who provides care, supervision, food, and lodging on a 24-hour basis for an adjudicated youth in that home and certified by the OYA foster care unit and the Private Child-caring Agency.
<b>Probation</b>	When a youth is on probation it means they have never been inside a correctional facility and are currently working with a court-ordered probation agreement. These are steps that, if followed, would keep a youth out of a facility.
<b>Parole</b>	When a youth is on parole, that means they have exited a correctional facility and entered the community. A parolee's community activity is not court-mandated. In other words, youth success on parole is evaluated by OYA.
