The Developmental Approach

Hard on Data, Intentional with People

We challenge the
information, not the
individual.

Healthy tension
strengthens our
thinking.

If You Don't Know Your Data, You Don't Know Your Business

Understanding our
metrics is a shared
responsibility.

Knowing your data
builds credibility
and informs better
decisions.

Transparency Builds Trust

Sharing successes
and struggles
strengthens our
collective
effectiveness.

Can't Manage a Secret

No one has to carry
the issues alone.

Open
communication
enables
accountability and
shared solutions.

Complexity is the Enemy of Execution

Simplicity and
clarity accelerate
progress.

Keep it
understandable,
actionable, and
measurable.

Collective Accountability

We rise together.
Data ownership
matters, but
improvement is a
team sport.

We turn data into direction — not just to report, but to refine, learn, and improve

Definitions

Term	Definition
Professional Standards Office (PSO)	The Professional Standards Office (PSO) conducts impartial investigations into allegations of abuse and other inappropriate or illegal behavior upon the part of staff or youth, works to ensure the safety of the youth committed to OYA, and holds staff accountable for meeting OYA's core values of professionalism, accountability, integrity, and respect.
Prison Rape Elimination Act (PREA)	The Prison Rape Elimination Act (PREA) is federal law that supports prevention of sexual assault and rape within corrections systems and also sets minimum standards for responding to allegations of sexual assault and sexual harassment.
Complaint (CPT, SCC)	Complaints are lower-level cases related to OYA facilities, OYA parole/probation offices, residential providers, proctor homes, OYA foster homes, or any other location. PSO has a goal of closing complaints within 30 days of reported date. Note: Outside this slide deck, complaints about residential providers, proctor homes, and OYA foster homes may be classified separately under "Sub-Care" or "SCC," with all other complaints classified as "CPT."
Investigation (CS)	Investigations are higher-level cases with serious allegations such as a PREA incident. PSO has a goal of closing investigations within 90 days of reported date and within 60 days for PREA cases.
Youth Incident Report (YIR)	Youth incident reports are entered into JJIS, typically by facility staff. Some YIRs are flagged for PSO review based on a variety of criteria (e.g., PSO notification checkbox, PREA-related, various problem groups, escape, director notification checkbox, etc.)
Reporting Line	The Reporting Line is available 24x7 for OYA youth, OYA staff, parents, OYA residential and foster care providers, and community members to report concerns. Calls may be left anonymously. PSO attempts to return all Reporting Line calls by the end of the next business day, when contact information is available.
Reported Date	Reported date is when an individual contacted PSO about an issue, e.g., left a message on the reporting line, sent an email, or called the PSO office. PSO tracks cases from the reported date, which may be earlier than the date the case is entered into the case management system.
Open	The initial state of a case is entered into the PSO case management system is "Open."
Suspended	Investigators halt their work temporarily when a case has been suspended to law enforcement or Department of Human Services.
Closed	When investigators complete a case, they close and sign it.
Signed	The final step in the lifecycle of a case is review by the Chief Investigator or the chief's designee. The case is signed off if it meets PSO standards for documentation, investigation, evidence, etc.

So far in 2025, PSO has closed about 3 cases for every 2 new cases
