Introduction

Oregon's juvenile justice system is committed to providing effective and efficient services to promote public safety, ensure justice for victims, and prevent youth from repeating criminal behavior. The disposition of referrals to the juvenile justice system provides information about how cases in the juvenile justice system are resolved. The resolution of cases is foundational in understanding and evaluating many aspects to the juvenile justice system.

Contents of this report

This document contains three sets of statewide and county specific reports describing dispositions. The first two reports describe dispositions assigned during the reporting year and the characteristics of the juveniles receiving the dispositions. The third describes categories of offenses that were assigned dispositions during the reporting year, descriptions of the dispositions that were assigned for each offense category, and the characteristics of the juveniles who committed these offenses. Sub-totals and grand totals are provided for each category. In each report, the disposition is reported by the youth's sex, age at the time of disposition, and race/ethnicity. The three sets of reports are:

Disposition of Youth by Demographics	<p>The number of youth who received a disposition by the juvenile justice system during the reporting year.</p> <p>Youth on the Disposition of Youth report are reported in the most intense disposition category imposed for that youth during the year in the county that imposed the disposition. The youth is counted only once on the Disposition of Youth report, regardless of the number of dispositions a youth receives during the year. If there was more than one disposition with the same intensity, the disposition with the most recent date was selected.</p>
Disposition of Referrals by Demographics	<p>The number of referrals that received a disposition by the juvenile justice system during the reporting year.</p> <p>Referrals on the Disposition of Referrals report are reported in the most intense disposition category imposed for that referral during the year. If there was more than one disposition on the same referral with the same intensity, the disposition with the most recent date was selected.</p>
Disposition of Referrals by Offense Category	<p>The number of referrals by offense category that received a disposition by the juvenile justice system during the reporting year. The report includes felony, misdemeanor, non-criminal violation and dependency status offense referrals that received dispositions in the year.</p> <p>The offense category is the most serious offense associated with the most intense disposition on the referral, categorized according to Oregon Revised Statute (ORS), Criminal Code of Oregon, as defined by the Oregon Legislature. Severity is</p>

	<p>determined by each offense's category, type, and class. (See Appendix A.)</p> <p>Dispositions are reported in the most intense disposition on the referral. (See Appendix B) If there was more than one disposition on the same referral with the same intensity, the disposition with the most recent date was selected.</p> <p>This report also provides demographics of the youth who received dispositions including sex, age at disposition, and race/ethnicity.</p>

Notes about the information

Limitations: The data in this report and other JJIS Annual Reports for 2020 differs significantly from reports from previous years due to the effects of the global Coronavirus pandemic. There were 3,833 fewer referrals to County Juvenile Departments in 2020 compared to 2019, a reduction of more than a third. As a result, one should use caution when using 2020 data to make comparisons across years.

Rounding: Totals are rounded to the nearest whole number and therefore may not add up to 100%.

Statewide Youth and Referral Counts: Youth may have received a disposition in more than one county. On the Statewide Disposition of Youth report, the youth is counted only once on the report in the county that imposed the most intense disposition. The Disposition of Referrals report counts all referrals disposed in the county that imposed the disposition.

County: The county recorded is the county responsible for assigning the youth's disposition. If the county was recorded on the disposition it was selected as the responsible county.

Race and Ethnicity: The JJIS Steering Committee defines Race/Ethnicity reporting categories based on available data. Race is recorded by the juvenile department based on police reports and youths' self-reporting. These reports categorize youth by the race that is recorded in JJIS unless the recorded ethnicity is Hispanic. When the recorded ethnicity is Hispanic, the youth is categorized as Hispanic, regardless of race.

Sex: The options for reporting sex in JJIS currently include Male, Female, Non-binary, and Unknown. There are current state and national discussions about new ways to document sex that are respectful and inclusive of all. The JJIS Steering Committee will continue to engage in those discussions and make updates in this area as available.

The JJIS Steering Committee recognizes that reporting race, ethnicity, and sex in JJIS are not inclusive of all and may not accurately represent everyone, due in part to a need to comply with federal reporting requirements. We respect all individuals, but also acknowledge and regret we cannot capture how individuals may self-identify in these areas.

Appendix B — Disposition Categories

These reports categorize dispositions according to a standard developed by the JJIS Data and Evaluation Committee and modeled after national reporting standards. Detailed dispositions have been grouped into the disposition reporting categories.

For all reports, dispositions are grouped into categories consistent with national reporting categories as follows. Categories are listed from least to most intense level of juvenile justice intervention.

Not Petitioned	Review and Close	No Jurisdiction
		Referred to Another Agency
		Review & Close
		Warning
		Divert & Close
		Intake Office Contact & Close
		Rejected by DA/Juvenile Department
		Alternative Process
	Authorized Diversion Programs or Other Informal Disposition	Diversion Supervision
		Diversion – Youth Court
		Diversion – Traffic/Municipal Court
		Informal Sanction(s)/ Supervision
		Formal Accountability Agreement
	Petitioned	Dismissed
Alternative Process		Plea Bargain or Alternative Process
Adjudicated Delinquent		Formal Sanction
		Probation
		Commit/Custody to Other Agency (Non-Youth Authority)
		Probation and Commit/Custody to Other Agency (Non-Youth Authority)
		Probation and Youth Authority Commitment for Community Placement
		Youth Authority Commitment for Youth Correctional Facility Placement
Adult Court		Waived/Transfer
		Adult Sentence

Dispositions Included on the Report:

- Dispositions that were assigned in the year. (Note: The referrals on which these dispositions have been imposed may have been received prior to the reporting year.)
- Dispositions for referrals that contain allegations of criminal offenses; violations; and dependency status offenses of runaway, beyond parental control, and behavior to endanger

self or others. Dispositions for referrals for all other dependency matters and local ordinances are excluded from these reports, except as noted below.

- Disposition and Offense Categories: Dispositions are reported in the most intense disposition on the referral. The offense category is the most serious offense associated with the most intense disposition on the referral. Referral offenses may change between referral and disposition. If a referral contained a qualifying allegation that was dismissed and a local ordinance that was assigned a more intense disposition, the report will display local ordinance as the most serious offense. However, as noted above, if a referral contained only a local ordinance, it is excluded from this report.

Example 1 - Referral with One Offense

Referral Allegation	Most Serious Referral Allegation	Disposition	Most Intense Disposition	Most Serious Disposed Allegation
Burglary 1 - (Property)	Burglary 1 - (Property)	Probation	Probation	Burglary 1 - (Property)

Example 2 - Referral with Two Offenses

Referral Allegations	Most Serious Referral Allegation	Disposition	Most Intense Disposition	Most Serious Disposed Allegation
Burglary 1 - (Property)		Probation	Probation	Burglary 1 - (Property)
Assault 1 - (Person)	Assault 1 - (Person)	Dismissed		

Example 3 - Referral with Two Offenses and a Local Ordinance Violation

Referral Allegations	Most Serious Referral Allegation	Disposition	Most Intense Disposition	Most Serious Disposed Allegation
Assault 4 - (Person)	Assault 4 - (Person)	Dismissed		
Runaway - (Dependency Status)		Referred to Another Agency		
Nuisance Violation (Local Ordinance)		Formal Accountability Agreement	Formal Accountability Agreement	Nuisance Violation (Local Ordinance)

Cautions: Disposition data is challenging to present for the following reasons.

- A youth may receive more than one disposition for the same referral. Different allegations on the same referral occasionally receive different dispositions.
- A referral may be disposed of with a less intense disposition because another related referral is disposed of with a more intense disposition.

-
- A disposition may change over time. A disposition may be replaced with a more intense disposition following non-compliance with the initial disposition (i.e., probation violation).
 - A youth may receive more intense dispositions if the youth is a repeat offender.

These reports examine the interrelationship between different referrals, types of offenses and judicial and juvenile department dispositions.
