

**PREVENTATIVE CARE**  
**STANDARD VACCINATION PROTOCOL FOR PERSONS**  
**3 THROUGH 6 YEARS OF AGE**  
**PROTOCOL for the OREGON PHARMACIST**

**Cover Page & Assessment and Treatment Care Pathway**

**AUTHORITY and PURPOSE:**

- Per [ORS 689.645](#), a pharmacist may provide patient care services pursuant to a statewide drug therapy management protocol

**STANDARDIZED PATIENT ASSESSMENT PROCESS ELEMENTS:**

- Utilize the Assessment and Treatment Care Pathway for Vaccines **for Persons 3 through 6 years of age** (pg 2 and 3)
- Utilize the Protocol for Managing Adverse Reactions when applicable

**PRESCRIBING PARAMETERS:**

- Pharmacists licensed and located in Oregon may prescribe, dispense and administer vaccines in adherence with this protocol and:
  - Centers for Disease Control and Prevention (CDC) Advisory Counsel for Immunization Practices (ACIP) recommendations adopted by reference pursuant to the adoption date referenced next to the respective vaccine listed below;
  - CDC Pink Book: Epidemiology and Prevention of Vaccine Preventable Diseases;
  - CDC Yellow Book: Health Information for International Travel Information;
  - All Oregon Board of Pharmacy laws and rules; and
- An Oregon licensed pharmacist practicing in Oregon may prescribe, dispense and administer the following vaccines to persons **3 through 6 years of age**:
  - Coronavirus 19 (v. 12/12/2024)
    - [PREP Act, 12<sup>th</sup> Amendment](#)
  - Influenza (v. 8/29/2024)
    - [ORS 689.645](#)

**PHARMACIST TRAINING/EDUCATION:**

- Prior to any Oregon licensed pharmacist administering a vaccine, in accordance with [OAR 855-115-0305](#), the pharmacist must:
  - Receive practical training on the injection site and administration technique that is utilized;
  - Complete training regarding hands-on injection technique, clinical evaluation of indications and contradictions of vaccines and the recognition and treatment of emergency reactions to vaccines;
  - Hold an active CPR certification issued by the American Heart Association or the American Red Cross or any other equivalent program intended for a healthcare provider

- that is specific to the age and population receiving the vaccine, drug or device, contains a hands-on training component, and is valid for not more than three years; and
- Ensure any vaccine administered was stored in accordance with the drug storage rules for pharmacies in [OAR 855-041-1036](#)
- An Oregon licensed pharmacist practicing in Oregon may allow a Pharmacy Intern to perform the following duties related to vaccines:
  - An appropriately trained and qualified Intern may perform the same duties as a pharmacist except as prohibited in [OAR 855-120-0150](#).
