800 NE Oregon St., Suite 150
Portland, OR 97232

Filed By:
Rachel Melvin
Rules Coordinator

NEED FOR THE RULE(S):

Temporarily adds vaccine protocols to protocol compendium and adopts each protocol as a standard adopted by reference.

JUSTIFICATION OF TEMPORARY FILING:

OAR 855-115-0345 was adopted by the board in August 2023, to be effective 3/1/2024. Due to Oregon Administrative Rules Database (OARD) filing limitations, the board was unable to amend OAR 855-115-0345 until on/after 3/1/2024. A temporary rule filed and effective 3/1/2024 permits the protocols to be effective on the same date as the rule becomes effective ensuring there is not a gap in the Pharmacists ability to provide vaccines to the public. Failure to implement vaccine protocols in OAR 855-115-0345 may result in compromised patient access and care, posing a significant risk to public health by leaving individuals vulnerable to preventable diseases and potentially overwhelming other healthcare providers.
