DIRECTIONS

In order to renew a Facility Registration go to:

https://orbop.mylicense.com/egov/Login.aspx

*eGov may not be supported on Microsoft Edge or Explorer browsers

1. Click on Register a New Facility Account

2. Use the “Registration number” and “Registration Code” or “Renewal ID”, exactly as shown, on your paper renewal notice.

3. Click Search

4. At the top of the screen it should show “REGISTRATION” along with an overview of your facility information (if it shows INITIAL REGISTRATION something was entered incorrectly, this means you must start over so that your license/registration is linked to your account).

5. It will then prompt you to make a User ID, Password, as well as two password and security questions.

6. Click Register

7. After logging in using your new credentials, look to the left side of your screen for the option to RENEW, follow instructions from there.

8. After payment, on the US Bank payment confirmation page, you must click the “CONTINUE” button at the bottom of the screen, to send you back to the eGov site to record the payment information and to submit your renewal.

Thank you,

THE OREGON BOARD OF PHARMACY
