Quarterly Compliance Audit Form Instructions
(Shall be completed by May 1, August 1, and November 1)

ATTENTION: PHARMACIST-IN-CHARGE (PIC)

Oregon law holds the pharmacist-in-charge responsible for ensuring the pharmacy is in compliance with all state and federal laws governing the practice of pharmacy. A pharmacist designated as PIC of more than one pharmacy is required to personally conduct and document a quarterly compliance audit at each location. The quarterly compliance audit is required in addition to completing the annual self-inspection report at each location.

Following your audit and completion of the audit form, please review it with your staff pharmacists, technicians and interns, correct any deficiencies noted, sign and date the form, and file it in your Board of Pharmacy Law Book with the PIC Self Inspection Report so it will be readily available to Board Inspectors. DO NOT MAIL to the Board office.

The primary objective of this audit, and your self-inspection (must be completed by February 1), is to provide an opportunity to identify and correct areas of non-compliance with state and federal law. (Note: Neither the quarterly compliance audit, the annual self-inspection, nor a Board inspection evaluates your complete compliance with all laws and rules of the practice of pharmacy.) The audit also serves as a necessary document used by Board inspectors during an inspection to evaluate a pharmacy’s level of compliance.

When a Board inspector discovers an area of non-compliance they may issue either a Deficiency Notice or a Notice of Non-Compliance. Both require a written response from the PIC. Identifying and correcting an area of non-compliance prior to a Board inspection may eliminate the receipt of a Deficiency Notice/Notice of Non-compliance for that item. Do not assume that you are in compliance with any statement; take the time to personally verify that compliance exists. A situation of non-compliance that “is the way it has been for years” is the current PIC’s responsibility to immediately correct to avoid the possibility of a Notice and/or disciplinary action. The Board understands that regulations may sometimes appear confusing and open to different interpretations. If you have any questions, please fax your questions, attention inspectors, prior to an inspection to 971-673-0002.
