RETAIL OR INSTITUTIONAL CONSULTING OR DRUGLESS PHARMACY
LAWS & RULES (Not Required if Accessible Electronically)

ALL FEES ARE NON REFUNDABLE

Please be advised of the following information for registration of a Consulting or Drugless Pharmacy:

1. An applicant must include their proposed policies and procedures for the items included on the Checklist of Necessary Elements for the Registration of a Retail or Institutional Consulting or Drugless Pharmacy.

2. Written approval from the Board of Pharmacy is required prior to commencing operations as a Consulting or Drugless Pharmacy.

3. Policies and procedures may not be changed without written Board approval.

4. Deviation from approved policies and procedures in unprofessional conduct and grounds for discipline.

5. Registration fee(s) are required for a NEW OUTLET, OWNERSHIP CHANGE or LOCATION CHANGE. Payments may only be made by check or money order. No fee is required for a NAME CHANGE ONLY.

6. An applicant may apply for both a Retail and an Institutional Consulting or Drugless Pharmacy Registration. If applying for both, the retail fee of $175.00 and institutional fee of $175.00 for a total of $350.00 is required. Additionally, two registrations will be issued.

7. NEW OR RELOCATED CONSULTING OR DRUGLESS PHARMACIES must submit a floor plan, drawn to scale (can be hand drawn). The location of windows and doors within the pharmacy must be identified. Note: whether windows/doors are secure or unsecured.

8. OREGON REVISED STATUTES and ADMINISTRATIVE RULES are available for review on our web site at: www.pharmacy.state.or.us. If electronic copies of laws and rules are accessible to all staff members, a hard copy is not required.

Please be aware that your registration will become effective once all required paperwork and fee(s) are received. Your license is to be in your possession PRIOR to doing business in Oregon. Consulting Pharmacy Registrations expire March 31, annually and fees are not prorated. Renewals are due and must be post-marked by February 28, annually, which is one (1) month prior to the expiration date of your license. Renewal notices will be mailed out in advance mid-January.
Q1. What will a consulting or drugless pharmacy look like?

A1. The consulting pharmacy model is anticipated to function like a long term care pharmacy with consulting pharmacists. It is anticipated that the consulting pharmacists will be working out of the pharmacy as the consultants employed by a consulting pharmacy.

Q2. Will an annual PIC self inspection be required?

A2. Yes, an annual PIC self inspection will be required. The Board will create a PIC Self-Inspection Report which will be available on the Board’s website by early 2014.

Q3. If medication and disease state management services are provided to local businesses, do those records belong to that Human Resources Department or the associated health plan?

A3. This would be clarified in your policies and procedures as well as your consulting services contract. Please see OAR 855-041-3340(3)(c).

Q4. Will the consultant pharmacist be required to maintain written records or can records be stored in a password protected documentation platform such as OUTCOMES MTM, Mirixa, or Assurance Medication Management Systems?

A4. This would be specified in your contract with the platform or provider you are providing services for.

Q5. Our clerks and pharmacists use the same web-based applications where consulting services, claims, and other notes are processed. How we can provide access to pharmacists and not clerks during non-business hours?

A5. Clerks can perform non-cognitive functions as in a pharmacy. When physically in a consulting pharmacy a clerk would need to be supervised by a pharmacist. However, some of these functions could occur outside the pharmacy which would be consistent with what is allowed in a double set-up for retail outlets. The issue of access outside the consulting pharmacy would need to be granted by the web-based platforms. Currently the platforms have different accessibility levels. Your policies and procedures would need to address the different levels of security.
Retail or Institutional Consulting or Drugless Pharmacy:

Please note the following: Policies and procedures may not be changed without written Board approval. Upon Board approval, registrant agrees to be held to policies and procedures and understands that any deviation is unprofessional conduct and grounds for discipline.

1. **Patient Safety:**
   - a. Provide a description of how your consulting or drugless pharmacy will be utilized to improve patient safety.

2. **Operations:**
   - a. Provide a detailed operational plan.
   - b. Provide description of workflow.
   - c. Identify retail or institutional focus.
   - d. Identify location of consulting pharmacy and provide a floor plan.
   - e. Identify responsibilities of the Pharmacist-in-Charge, pharmacist, and other staff.
   - f. Identify any restrictions of staff.
   - g. Provide hours of operation and hours that pharmacist(s) will be at consulting pharmacy.
   - h. List, if any, of non-licensed personnel. Include a list of their duties and responsibilities.
   - i. Identify training requirements of non-pharmacists to work at the pharmacy.
   - j. Identify if pharmacy will create and/or transfer prescriptions or orders. If yes, provide procedures.
   - k. Outline responsibilities and scope of service.
   - l. Include Operational Quality Assurance Program.

3. **Policies and Procedures:** Please submit policies and procedures for the following:
   - a. Protecting confidentiality, ensuring integrity of patient information, and upholding HIPPA agreements.
   - b. Compliance with all applicable federal and state laws and rules.
   - c. Utilization of computer systems including security, password protection, and lockout levels.
Checklist of Necessary Elements for the Registration of a Consulting or Drugless Pharmacy:

4. **Security:**
   - a. Identify how pharmacy will be secured after hours.
   - b. Identify how records will be stored and secured and answer the following questions in your proposal.
     - I. Is data read only?
     - II. Are terminals password protected to avoid access from unauthorized personnel?
     - III. Are hardcopy files containing health protected information secured in the pharmacy?
     - IV. Are electronic records containing health protected information secured in the pharmacy?
     - V. Are electronic records containing health protected information that are stored in a web-based platform encrypted and secured?

5. **Personnel:**
   - a. Identify Pharmacist-in-Charge and provide Oregon Board of Pharmacy license number.
   - b. Identify all consulting pharmacists and provide Oregon Board of Pharmacy license number for each consulting pharmacist.
   - c. Identify all non-pharmacist personnel and include a job description for each position.
