To whom it may concern:

Subject: Division 80 Schedule Drug Changes

OSPA would like to take this opportunity to comment on Division 80 Schedule Drug Changes to be discussed during the Board of Pharmacy Rulemaking Hearing tomorrow, May 18, 2010.

It is the consensus of the OSPA Board of Directors that we support the recommended changes by the Board of Pharmacy to reschedule marijuana to C-2. The OSPA Board does, however, ask that the Board of Pharmacy review the changes considered for 855-080-0085 section 1 (Prescription requirements). Since these changes were considered, the DEA has released a finalized version of electronic prescriptions for controlled substances yet Oregon rule does not include controlled substances.

Thank you for taking the time to consider this information. We will be represented at the meeting, and look forward to your feedback.

Sincerely,

Kathy Kelly, R.Ph.  
President  
Oregon State Pharmacy Association
