Consider rules and send to Rulemaking Hearing:

Division 110 – Fees
Administrative Director, Karen MacLean went over the proposed fees and explained the process for rulemaking, the timeline and implementation as well as when late fees go into effect. The notification has been posted on the board website since November 13, 2018, a rulemaking notice will go out to all licensees for formal notification. The Board had a brief discussion with staff about how the message is being communicated to licensees. The Board’s budget bill is on Governor’s desk for signature.

MOTION
Motion to send rules in Division 110 to Rulemaking Hearing; direct staff to incorporate 2019-21 Legislatively Approved Fees and minor housekeeping edits including dates and obsolete items, was made and unanimously carried (Motion by Beaman, seconded by Ayoub).

Policy Issues for Discussion / Updates:

Division 045 Compounding – RAC update
Administrative Director Karen MacLean reported - on 3/22/2019, a public notice was sent to Oregon licensed Pharmacists seeking pharmacy compounding subject matter experts to participate on the Board’s Drug Compounding Rules Advisory Committee; the deadline to apply is 4/5. Meeting is scheduled for May 8th. So far we have 8-9 names representing inpatient and outpatient compounding locations in Oregon.

Public Health and Pharmacy Formulary Advisory Committee
Pharmacist Consultant, Fiona Karbowicz reported that the Committee met in January and that no new concepts have been received. The May meeting will include reviewing items from the January meeting with some guidance and direction from legal counsel and executive director.

**Discussion Items**

Waiver Requests: none
TCVP: none

Other:

**RPh. Renewal and CE Requirements**
Licensing Program Supervisor, Chrisy Hennigan gave an overview of the issue related to messaging to pharmacists about the upcoming renewal, rules regarding timeframes, and CE requirements. The Board discussed the possibility of a rule change for consistency in both the RPh and CPT rules for CE requirements. Pharmacist Consultant, Fiona Karbowicz suggested that there are additional items related to CE coming down the pike, perhaps this can be added to this discussion and have a more global conversation Executive Director, Joe Schnabel stated that this would be a good topic to add to Strategic Planning. The Board agreed to discuss at a later date and renewals will continue as planned.

**Cannabidiol Sales**
Compliance Director Brianne Efremoff and Inspector, Jane Gin presented on the topic of Retail Sale of CBD products, with the objective to provide background and guidance to the Board. They shared what they have been encountering, and on work they have done with Department of Agriculture and the Oregon Liquor Control Commission. Intern, Carmen Wong assisted in compiling the information.

The Board’s retail pharmacy registrants offer these products for sale. However, it is difficult for Oregon outlets and licensees to navigate between Federal and State laws. Additionally, we anticipate work is needed with HPSP to provide our probationers with up-to-date information on the impact of using CBD products and its effect on drug screens.

Compliance Director, Brianne Efremoff received Board direction to put a memo together for licensees on what we know regarding legalities of CBD product sourcing, ordering, concentration, labeling, and sales in Oregon. Additionally, the messaging may include licensee’s use of impairing substances, particularly marijuana and the nexus to being a licensee of the Board. Staff to draft the messaging/FAQ and report back to the Board with guidance on the best way to communicate it.

**Strategic Planning update**
Executive Director, Joe Schnabel gave a high-level presentation about utilizing the Board’s strategic planning time to align the agency’s mission and values. In June, they will go over a plan to solidify a timeline in the major strategic planning areas for the August meeting. He highlighted the California Board of Pharmacy’s Strategic Plan as a model and shared that staff will be consulting with prior Board Interim Executive Director Brad Avy for insights to the process.

This could be informed by California’s current law; SB 409 has the Board establishing an import system from Canada, and studying the feasibility. We are still tracking the pending statewide Drug Takeback bills as well.

Licensing Program Supervisor, Chrissy Hennigan stated that the renewal cycle for the 12 various drug outlets and drug rooms is completed. On April 1, we lapsed 70 of the 1844 facilities or approximately 3.8% of those eligible for renewal.

We finalized the online renewal this week; we currently have 8417 active pharmacists who are eligible for renewal. Updated drug outlet application are forthcoming.
We expect to start seeing the pharmacy technician extension requests come in soon. As of yesterday, we still have 867 active pharmacy technicians who expire on 6/30.

Based on our recent review of the reciprocity policy, we have documented a change in policy to allow an applicant, who is licensed in another state and has graduated in the year preceding the date of their application, to take the Oregon MPJE and apply for the transfer of a pharmacist license to Oregon. This will remove an unintended barrier to licensure that the previous policy may have created. It will also promote patient safety by ensuring that the candidate has the required recent intern experience as well as recent pharmacy practice knowledge, demonstrated by the passing of the NAPLEX within the last year.
