

1 **855-041-2320**

2 **Epinephrine**

3 (1) A pharmacist may fill an order for epinephrine to be used by trainees to treat an anaphylactic  
4 reaction. Trainees must be 18 years of age or older and must have responsibility for or contact  
5 with at least one (1) other person as a result of the trainee's occupation or volunteer status, such  
6 as, but not limited to, a camp counselor, scout leader, forest ranger, school employee, tour guide  
7 or chaperone.

8 (2) Individuals must successfully complete a training program approved by the Oregon Health  
9 Authority, Public Health Division. Upon successful completion, the trainee will receive the  
10 following certificates:

11 (a) Statement of Completion; and

12 (b) Authorization to Obtain Epinephrine.

13 (3) ~~(a) Distribution~~ **Acquisition** of epinephrine from a pharmacy to be used for the treatment of  
14 allergic emergencies may occur in the following manners:

15 ~~(b)~~ **(a)** A trainee may obtain **pharmacist may dispense** epinephrine **to a trainee** upon  
16 presentation of the Statement of Completion and Authorization to Obtain Epinephrine certificate  
17 to a pharmacy which:

18 (A) A pharmacist may generate a prescription for, and dispense an emergency supply of  
19 epinephrine for not more than one (1) child and one (1) adult in an automatic injection device, as  
20 specified by the supervising professional whose name, signature, and license number appear on  
21 the Authorization to Obtain Epinephrine certificate.

22 (B) The pharmacist who generates the hardcopy prescription for epinephrine in this manner shall  
23 reduce the prescription to writing, and file the prescription in a manner appropriate for a non-  
24 controlled substance.

25 (C) Once the pharmacist generates the epinephrine prescription, the pharmacist shall write in the  
26 appropriate space provided on the Authorization to Obtain Epinephrine certificate, the date and  
27 the number of doses dispensed, and return the certificate to the trainee.

28 ~~(4)~~ **(D)** The Statement of Completion and the Authorization to Obtain Epinephrine certificate  
29 may be used to obtain epinephrine up to four (4) times within three (3) years from the date of the  
30 initial training.

31 ~~(a)~~ **(E)** Both the Statement of Completion and the Authorization to Obtain Epinephrine  
32 certificate expire three (3) years from the date of the trainee's last Oregon Health Authority  
33 approved allergy response training.

34 ~~(b)~~ **(F)** Upon completion of the training, the trainee will receive a new Statement of Completion  
35 and Authorization to Obtain Epinephrine certificate, with a valid duration of three (3) years.

36 **(b) A pharmacy may dispense epinephrine to an entity when:**

37 **(A) The epinephrine is acquired by a valid prescription presented to the pharmacy;**

38 **(B) The prescription identifies the entity as the patient for the purpose of prescribing;**

39 **(i) The pharmacist shall use the name of the entity as the patient for the purpose of labeling**  
40 **the prescription.**

41 **(ii) The prescription shall be limited to one adult and one child dose package per trained**  
42 **employee per location.**

43 **(C) For the purpose of this rule, an entity conducts business at a single physical location.**
