RULE SUMMARY

ORS 475.059 requires the Board to reschedule marijuana from Controlled Substance Schedule I to Schedule II, III, IV or V. In accordance with ORS 475.035, the Board has reviewed a spectrum of the scientific knowledge available regarding marijuana with specific reference to its pharmacological effects, the patterns of use and misuse, and the potential consequences of abuse. The Board reviewed an extensive collection of scientific and sociological material relating to marijuana, as well as comments from members of the public, some of whom have extensive training and experience with marijuana. The Board decided that Schedule II is the most appropriate schedule. Under ORS 475.065, the Board is also required to reschedule methamphetamine, except for accepted medical use, as a Schedule I drug. The other amendments correct errors and update rules in accordance with changes in federal regulations.
