## Agency Background

The PSRB is a State agency created by the Oregon Legislature in 1977 to assume jurisdiction of those persons who successfully assert the insanity defense. In the past 40 years, its success has resulted in an expansion of programs serving Oregonians. This includes its jurisdiction over youth who successfully assert the insanity defense; a firearm restoration program for those with a historical mental health adjudication; its jurisdiction over persons who commit severe criminal acts, but who are not competent to stand trial; and the reclassification and relief of registration requirements for those with a sex offender designation who are currently or had previously been under the PSRB due to that designation.
