# EXECUTIVE DIRECTOR'S REPORT

MARCH 2024 | FOR THE PERIOD 01/01/2024 – 02/29/2024

## 23-25 BIENNIUM BUDGET VS. ACTUAL PERFORMANCE

Actuals to Budget through **most current closed** period (July 2023-Feb 2024).

	Actuals (to date)	Budget (to date)	\$ Variance	% of Budget (to date)
Income	\$585,380.91	\$724,278.24	\$ - 138,897.33	80.82%
Expense	\$502,902.12	\$672,179.29	\$ -124,277.17	80.18%

**NOTES** –The numbers above reflect the actuals and budget for the biennium to date, not total budget for the entire biennium. Expenses typically exceed Income during non-renewal months of the biennium because board income derives predominantly from renewals, which occur Jan-Mar 2024. Because the fiscal year budget is portioned equally each month for many expenses, and because expenses are higher during renewals, expenses appear lower than anticipated by end of the fiscal year. Please see the attached financial report for line-item trends to date. Renewal income has been slow to start, but we are keeping expenses below budgeted as well.

## ADMINISTRATION HIGHLIGHTS

- 2024 Renewals: Renewals are in full swing, with just over 2,000 renewals approved through 2/29/2024. March represents a significant number of renewals that will be processed, limiting staff availability for other work efforts.
- Information Technology & Security: The core licensing software update migration is still scheduled for 2<sup>nd</sup> quarter 2024. Board staff are also working with state IT to implement updates to M365 and Windows, as well as the Board's Mobile Device Management software.
- The Office of Diversity Equity and Inclusion is forming state agency cohorts for collaboration on agency DEI plans. The cohort kickoff is planned for late March.

## BIENNIUM TOTAL ACTIVE LICENSE COUNTS AS OF FEB 29, 2024

**NOTE:** Numbers are reported at the end of each month prior to Board meetings, which will allow for alignment with the Biennium reporting. License counts by status for the prior section and this section are sourced from the licensing system licensee status statistical report and reflect the counts as of a given day. "Active" license counts include non-lapsed or expired licenses currently on suspension, probation or restriction, but does not count temporary permits. Not all current license holders are currently practicing in the state of Oregon; therefore, total counts may not reflect current actual workforce capacity, only licensed capacity.

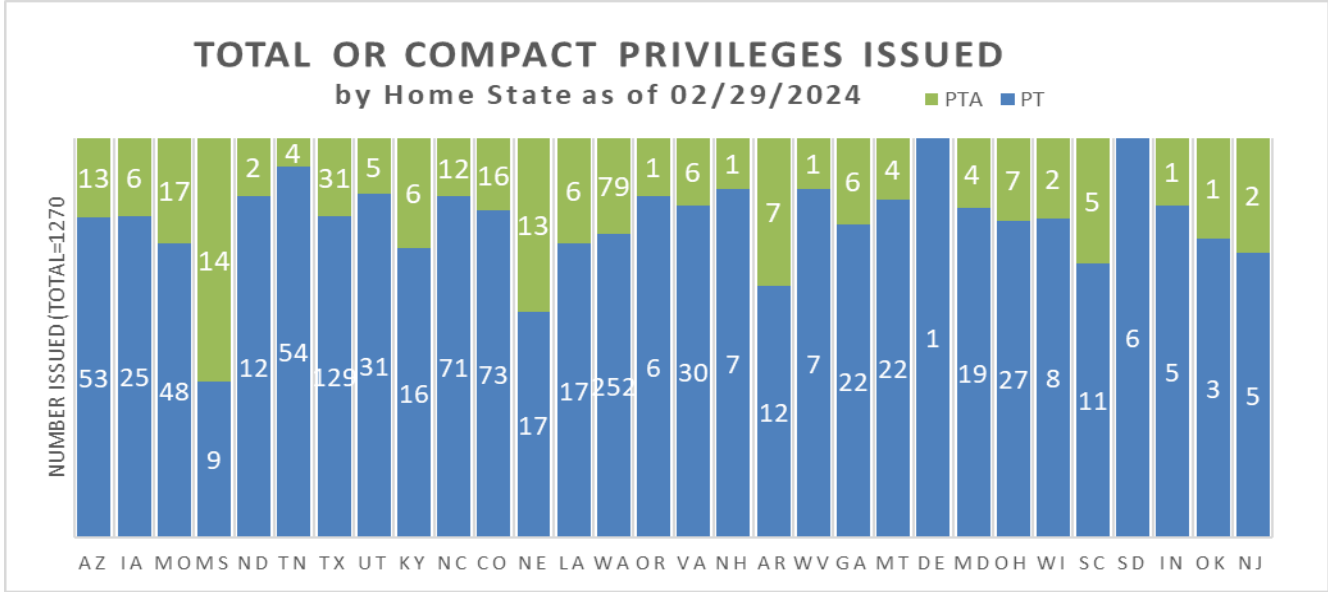

**BIENNIUM TOTAL NEW APPLICATIONS SUBMITTED AS OF FEB 29, 2024**

**NOTE:** Application data taken from licensing system based on date of submittal; applications may not be complete when first submitted and final approval, if granted, may appear in a different reporting period. The charts reflect the total submitted within each reporting period as well as total count for biennium to date for each license application type. The data includes applications also requesting a temporary permit.
