## BIENNIUM TOTAL OREGON LICENSE COUNTS AS OF JUN 30, 2025

- The biennium ended just over the forecasted estimate of 6664 Active licenses from the May report.
- The overall biennium growth rate in Active licenses was 0.21% (average of rates for all periods).
- Inclusive of current temporary permits, the growth rate over the total Active licenses as of June 2023 (end of last BI) is approximately 0.26%.

**NOTE:** Numbers are reported at the end of most recent audited month prior to Board meetings, which will allow for alignment with the Biennium reporting. License counts by status for the prior section and this section are sourced from the licensing system licensee status statistical report and reflect the counts as of a given day. "Active" license counts include non-lapsed or expired licenses currently on suspension, probation or restriction, but does not count temporary permits. Not all current license holders are currently practicing in the state of Oregon; therefore, total counts may not reflect current actual workforce capacity, only licensed capacity. The drop off in April 2024 of total licensed is expected after each renewal and reflects a roughly 13% drop off in this BI.

## TOTAL AVAILABLE LICENSED AS OF JUN 30, 2025 (OR-LICENSE & COMPACT PRIVILEGE)

When factoring the *total* available workforce--combining current active Oregon license holders with individuals currently holding an active Compact privilege to practice in Oregon—about 8-9% of available PT/PTAs hold a compact privilege.

While these numbers reflect the total number of licensees able to practice in Oregon today (in person or via tele-health), not all individuals actively licensed are currently practicing in Oregon. The total number of available clinicians may be lower. Once the most recent survey data is available from the Oregon Health Authority, we will have a better estimate of available clinicians in the state.

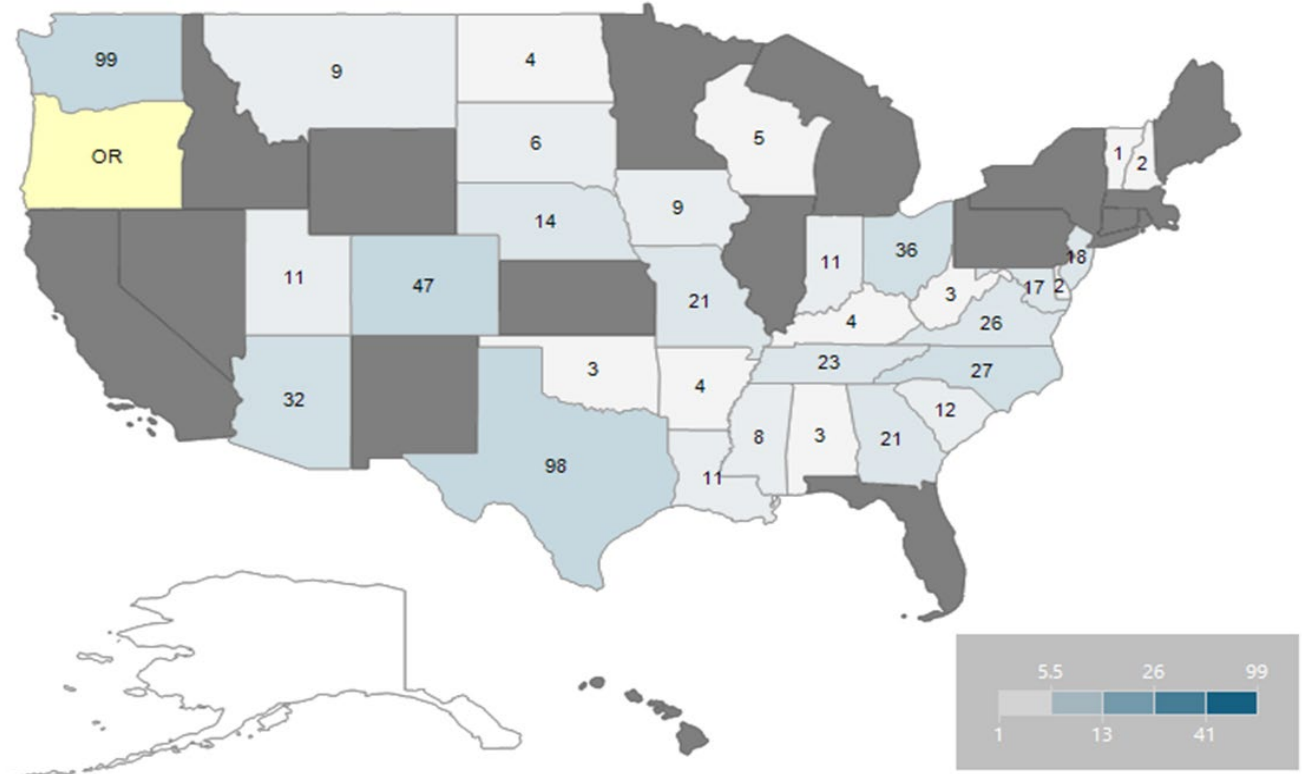

## BIENNIUM TOTAL NEW APPLICATIONS SUBMITTED AS OF JUN 30 ,2025

**NOTE:.** Application data taken from licensing system based on date of submittal; applications may not be complete when first submitted and final approval, if granted, may appear in a different reporting period. The charts reflect the total submitted within each reporting period as well as total count for biennium to date for each license application type. The data includes applications also requesting a temporary permit.

## Reminders and Resources

- Executive Branch Agencies have no position on any bill, unless otherwise directed by the Governor; this is different than being neutral. Agencies can discuss bills in general or provide technical feedback or testimony.
- Board Members/Staff can advocate *personally* on any bill; simply be clear you are not representing the agency in your testimony unless authorized; please let the Director/Governor's Office know.
- You can access daily information, bill information and status, committee schedules, live and recorded content, and other information at <https://www.oregonlegislature.gov/>
- See also this site for information on finding your legislator, legislation and how to testify <https://www.oregonlegislature.gov/lpro/Pages/public-testimony.aspx>
- By the OBPT May meeting, we will know what bills didn't get out of 2<sup>nd</sup> chamber policy committee. However, bills can move to certain committees and stay alive past these chamber deadlines.
- Legislative Session represents a significant body of work for agency staff to monitor for bills, respond to fiscal impact requests, and testify, as applicable.
