- Licensing System-possible change to new system
- Continue to update website and board materials to ensure ADA/Section 508 Compliance

- Licensee/Student Outreach on Informed Consent/Motivational Interviewing
- Identified Presentations from FSBPT Annual Meeting on continuing education/community service
- Survey of other Board's rules on patient abandonment
- AI in regulation
- Topics related to HB3824 (example: Dry Needling)
- Insurance prior authorization and approvals and impact on physical therapy

Director Sigmund-Gaines presented several articles for further review regarding PT/PTA Student Debt Trends and the impact on PT and PTA job satisfaction and workforce. Board will review information and return with ideas on how they wish to proceed.

2026 Renewal
Staff provided an update on the status of the 2026 renewal. Total number of renewals anticipated based on usual 18%-14% lapse rate is 5740-6020. As of March 11, 3518 renewals had been approved. The majority have met the auto-approval guidelines, increasing the response time for licensees. The board also started using Mailchimp for email outreach. Staff have sent 3 renewal reminders via MailChimp with plans to send 2 additional reminders. The non-open and bounce rate analysis, an advantage of using MailChimp, was reviewed.

Renewal Audits
Staff plan to audit 20% of renewals for continuing competency which will continue into April. Starting in April and continuing into August, staff will also complete 100% LEDS background checks.

Request for Course Approval
Board reviewed information provided by OSU Cascades requesting approval of their course titled "Bend Beaver Connection Education Night" for continuing competency.
Motion by Member Terry to approve the course offered by Oregon State University-Cascades under OAR 848-035-0030(2)(m).
Member Okumura seconded the motion.
Yes: Crawford, Frank, Hahn, Okumura, Reynolds, Terry.
Motion passed unanimously by a vote of 6-0.

2026 Legislative Session
Director Sigmund-Gaines provided an update on the legislative session. Noted were SB 476 (2025) /SB 1595 (2026) regarding extending the deadline for Culturally Responsive Training and HB 4095 regarding Semi-Independent agencies. Due to the significant cost impact of HB 4095, it is not feasible to continue with the bill in short session, but we expect it will be brought back in the fall.

HRRI HPR Pilot
Director Sigmund-Gaines presented a proposed pilot program utilizing the HRRI Healthy Practice Resource (HPR) within the investigative process to test implementation, gather data and determine scope of any further rollout. Board advised staff to proceed.

Board Continuing Competence Offerings
Director Sigmund-Gaines addressed Board's interest in providing education and outreach to licensees. Objective would be to provide courses at little or no cost to licensees on topics relevant to Oregon Law, trends, and licensing processes. Lectures would be presented by staff, in most cases, in locations around the state. Attendees would receive continuing competency credit. Staff Paru discussed her participation in the Louisiana Conference as an example. Board directed staff to proceed with planning.

ETS/TOEFL Scores
Update provided on the ETS modified score scale. The ETS will not be providing both scores on the report as initially planned but will provide a crosswalk for reference. No immediate change to OAR is needed as the use of the crosswalk connects the information needed to meet the requirement.

Strategic Planning Working Session
Director Sigmund-Gaines reviewed the process and the strategic priorities and action items identified in the prior plan. PESTLE and SWOT guidelines were reviewed. The next steps proposed include developing and distributing a community survey designed to identify key areas of interest. The results would help to inform discussions and provide direction during the upcoming strategic planning workshop. Board directed staff to proceed with survey.

TOTAL BIENNUM 25-27 BUDGET TO ACTUALS

	Actuals (to date)	Budget (to date)	$ Variance	% of Budget (to date)
Income	**$1,465,927.80**	**$1,432,585.58**	**$33,342.22**	102.33%
Expense	**$747,416.78**	**$951,652.30**	**($204,235.52)**	78.54%

NOTES –The numbers above reflect the actuals to budget for the biennium to date, not total budget for the entire biennium. Expenses and some revenue accounts are not fully seasonalized; amounts for several accounts are budgeted as a flat month-to-month distribution over the biennium where actuals may be incurred at variable times. This accounts for some of the variation within a biennium for actuals to budget.

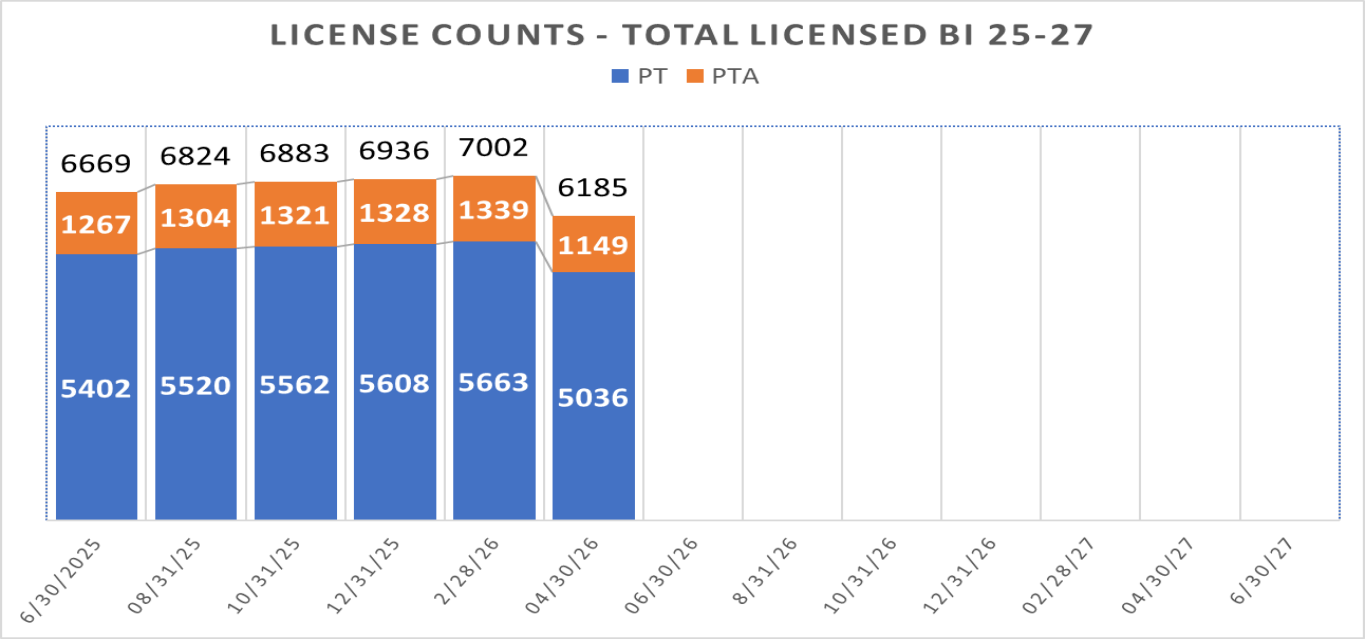
BIENNIUM TOTAL OREGON LICENSE COUNTS AS OF APRIL 30, 2026

- The prior overall 23-25 biennium growth rate in Active licenses was 0.21% (average of rates for all periods). With the drop off due to non-renewals, the current average rate for the biennium to date is -1.35%.
- The drop off reflected in the 4/30/26 counts is anticipated due to non-renewals. This biennium, the drop is 11.67%, which is below historical rates of between 14%-17%.

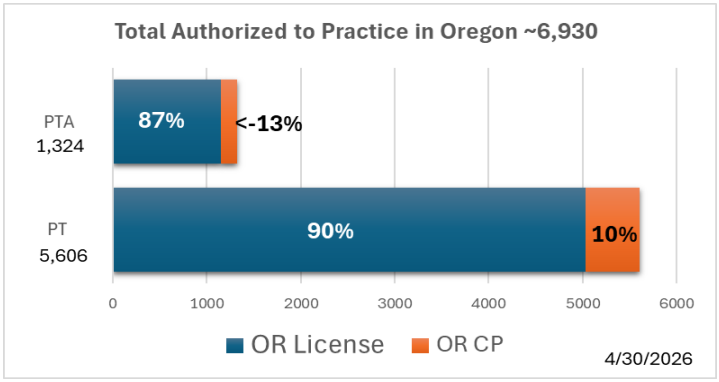


NOTE: Numbers are reported at the end of most recent audited month prior to Board meetings, which allows for alignment with the Biennium reporting. License counts by status for the prior section and this section are sourced from the licensing system licensee status point in time report and reflect the counts as of a given day. "Active" license counts include restricted, suspended or probationary licenses, but do not include temporary permits. Not all current license holders are currently practicing in the state of Oregon; therefore, total counts may not reflect current actual workforce capacity, only licensed capacity.

TOTAL AVAILABLE LICENSED AS OF APR 30, 2026 (OR-LICENSE & COMPACT PRIVILEGE)

When factoring the *total* available workforce--combining current active Oregon license holders with individuals currently holding an active Compact privilege to practice in Oregon—about 10-13% of available PT/PTAs hold a compact privilege. The percentages have gone up in part because of the non-renewal of Oregon licenses, which have gone down while privileges have gone up.

	OR License	OR CP	Total
PTA	1149	175	**1324**
PT	5036	570	**5606**
Total	6185	745	**6930**



While these numbers reflect the total number of licensees able to practice in Oregon today (in person or via tele-health), not all individuals actively licensed are currently practicing in Oregon. Furthermore, not all currently practicing in Oregon work full time or in a clinical setting.

BIENNIUM TOTAL NEW APPLICATIONS SUBMITTED AS OF APR 30 ,2026

NOTE:. Application data taken from licensing system based on date of submittal; applications may not be complete when first submitted and final approval, if granted, may appear in a different reporting period. The charts reflect the total submitted within each reporting period as well as total count for biennium to date for each license application type. The data includes applications also requesting a temporary permit.

E1– HRRI Healthy Practice Resource Pilot

Initial Scope of Pilot

The pilot will be initially limited to complaints related to documentation or billing issues, supervision, ethical or non-sexual boundary violations, scope of practice, or patient injury.

Participation will be offered to individuals who are subject to an investigation and where the Board issues a confidential advisory letter, or where there is a settlement agreement.

The pilot would not require participants to submit or share their results or plans directly with the Board, unless term of settlement.

Participants will be provided a self-reflection template to consider if any factors contributed to violations, and any actions they could take to mitigate any future impacts.

Participants will be asked but not required to complete a post-survey as part of the closeout of the investigation.

All materials remain confidential as part of the investigative files; however, anonymized aggregate data will be compiled and reported publicly.

Initial Scope of Pilot

Preliminary Advisory Group & Review Timeframe:

Several licensees (20+) have completed the HPR as part of their continuing competence requirements. Since these individuals now have familiarity with the tool, they will be invited to participate in an advisory group to flesh out the pilot.

Other interested parties willing to complete one or more modules of the HPR.
