Interfund borrowing is intended to assist agencies that may be experiencing short-term, transitory cash imbalances created in the conduct of legislatively approved agency activities. Borrowing is not to be used to fund activities not already contemplated in an agency’s approved budget. An agency interested in interfund borrowing must submit a written request that addresses various requirements, including how the funds will be repaid. Requests are reviewed and considered by Treasury and, if approved, the agency will be required to execute an interfund borrowing agreement and will be assessed a setup fee. See Treasury policy FIN 209 for more information.

If you are interested in evaluating your business needs and available options, or have questions regarding interfund borrowing generally, contact Customer Solutions at customer.solutions@ost.state.or.us.
