Oregon Short Term Fund Board,

This is to call your attention to Senate Joint Resolution 32 supported by Oregon's U.S. Senators Jeff Merkley and Ron Wyden, and 38 other Democratic and independent senators, demanding the cancellation of Caterpillar bulldozers to the state of Israel authorized by President Donald Trump. Israel has used these bulldozers to violate both U.S. law–the Arms Export Control Act and the Foreign Assistance Act–and international law, including the Fourth Geneva Conventions, which the United States has ratified.

Israeli use of Caterpillar D9 bulldozers involves demolishing infrastructure and thousands of homes in the Occupied Palestinian Territories, Lebanon, and Syria and in carrying out mass atrocities, including the burial of prisoners and rescue and ambulance workers in Gaza.

Last month the Washington state treasurer divested all its holdings in Caterpillar due to the corporation's complicity. In early 2025 the treasurer of Alameda County, California, comprising Oakland and Berkeley, took this step. Numerous other cities across the country have also passed resolutions and investment screens to end complicity in Israeli genocide and apartheid.

Despite Caterpillar's well-known and extensively documented behavior, dating back for more than 20 years, Oregon's Short-Term Fund continues to invest in Caterpillar Inc.--as much as $622 million in the most recent September 2025 report on its holdings. This favoritism represents truly astonishing complicity in violations of human rights carried out by a corporation that has persistently defied the due diligence required by the United Nations Guiding Principles on Business and Human Rights.

As you know, many cities, counties and other government entities in Oregon participate in the Local Government Investment Pool in the Short-Term Fund. This participation is purely voluntary. Cities, counties, school boards and other local government entities throughout Oregon would like to see their investments aligned with their values and with U.S. and international law but investment decisions made for the Short-Term Fund are making this impossible.

As the Board overseeing this Fund, you are directly responsible for these decisions and must be held accountable for handing over nearly a billion dollars to a corporation participating in grave human rights violations.

Oregon Short Term Fund Board,

Hello, I am a deeply concerned Oregonian writing in hopes you will feel my urgency on this matter. This letter is to call your attention to Senate Joint Resolution 32 supported by Oregon's U.S. Senators Jeff Merkley and Ron Wyden, and 38 other Democratic and independent senators, demanding the cancellation of Caterpillar bulldozers to the state of Israel authorized by President Donald Trump. Israel has used these bulldozers to violate both U.S. law–the Arms Export Control Act and the Foreign Assistance Act–and international law, including the Fourth Geneva Conventions, which the United States has ratified.

Israeli use of Caterpillar D9 bulldozers involves demolishing infrastructure and thousands of homes in the Occupied Palestinian Territories, Lebanon, and Syria and in carrying out MASS ATROCITIES, including the burial of prisoners and rescue and ambulance workers in Gaza.

Last month the Washington state treasurer divested all its holdings in Caterpillar due to the corporation's complicity. In early 2025 the treasurer of Alameda County, California, comprising Oakland and Berkeley, took this step. Numerous other cities across the country have also passed resolutions and investment screens to end complicity in Israeli genocide and apartheid. ITS BEYOND TIME FOR US TO JOIN THEM IN DIVESTING!!

Despite Caterpillar's well-known and extensively documented behavior, dating back for more than 20 years, Oregon's Short-Term Fund continues to invest in Caterpillar Inc.--as much as $622 million in the most recent September 2025 report on its holdings. This favoritism represents truly astonishing complicity in violations of human rights carried out by a corporation that has persistently defied the due diligence required by the United Nations Guiding Principles on Business and Human Rights. As a citizen of this state, I feel deeply betrayed and am disgusted that you are choosing to ignore the voices you claim to represent.

As you know, many cities, counties and other government entities in Oregon participate in the Local Government Investment Pool in the Short-Term Fund. This participation is purely voluntary. Cities, counties, school boards and other local government entities throughout Oregon would like to see their investments aligned with their values and with U.S. and international law but investment decisions made for the Short-Term Fund are making this impossible.

As the Board overseeing this Fund, YOU are directly responsible for these decisions and MUST BE HELD ACCOUNTABLE for handing over nearly a billion dollars to a corporation participating in grave human rights violations. THERE IS BLOOD ON YOUR HANDS! DIVEST

NOW!
