

COVID-19 TEMPORARY ASSIGNMENT GUIDANCE DOCUMENT
OAR 584-200-0100 (Temporary)

When determining subject areas where a teacher may be appropriately mis-assigned for the 2020-2021 school year, and after considering educators who may volunteer to fill a temporary mis-assignment, districts shall consider for involuntary mis-assignment educators whose endorsement area and experience are most compatible with the area of the mis-assignment. The following chart includes endorsement areas that TSPC believes would be compatible for mis-assignment under temporary OAR 584-200-0100. Only after attempting to assign educators consistent with these compatibility areas shall a district consider other mis-assignments.

Note: Teachers on Special Assignment shall be considered for assignments based on issued endorsements on their teaching license.

Subject Area of Needed Mis-Assignment	Preferred Endorsements for Mis-assignment <i>*Primary Support Provider or Professional Learning Community lead shall be from either the subject area of need or the preferred endorsement area from this column.</i>	Alternate Endorsements for Mis-assignment <i>Only when the district is unable to assign a teacher within list of preferred endorsements for mis-assignments, districts may consider the following endorsements:</i>
Advanced Mathematics	Foundational Mathematics	Chemistry Physics Biology
Agricultural Science	Biology	Chemistry Integrated Science Professional CTE in related trades
Biology	Integrated Science Agricultural Science	Foundational Science Chemistry Physics
