

COVID-19 ACCOMMODATIONS TO REDUCE PRACTICUM REQUIREMENT FOR SCHOOL COUNSELING (2020-2021)

TSPC continues to require the work sample and five formal lessons.

EPPs may reduce the number of “Direct instruction” hours by approx. 50% to 38 total hours for the year.

EPPs may reduce of total practicum hours by 50% to 100 hours and create flexibility as to what counts for hours including lesson preparation, etc.

TSPC will allow hours to be VLE.

TSPC will allow supportive/evaluative visits to be remote.

This constitutes a modification of Domain 8: Leadership of OAR 584-018-0305

NOTE: Programs that are approved by CACREP would need to consult with them on flexibilities they would allow.
