Overview of the IPRC Data Collection
The reporting requirements are informed by Sections 205 through 208 of Title II of the *Higher Education Act*, as amended in 2008.

Westat, through a contract with the U.S. Department of Education, created the Institution and Program (IPRC) and State Report Card survey instruments, as well as the reporting systems, to collect the required information.
Three types of teacher preparation providers report an IPRC:

» Traditional

» Alternative, IHE-based (none in Oregon)

» Alternative, not IHE-based (none in Oregon)

All providers submit reports through the same reporting system (title2.ed.gov).
In the fall, you worked with Evaluation Systems of Pearson to verify your list of enrolled students and program completers.

The IPRC reporting system opened earlier this month.

Westat works with testing companies to collect and upload your pass rates into the IPRC by mid-April.

Certification and submission window: April 16 - 30.

Reports are due by April 30, 2020.

Data quality tips for success

- Use the “Mark as Completed” feature only when you have thoroughly reviewed a page.

- Use the Certification page to see your certification checklist (your “to-do” list).

- Start early and plan ahead for various levels of review.
