What is a Renewal?

Renewing a license means you are requesting to hold the same license you currently hold. Not all licenses are “renewable”. Details about requirements for every license type are provided later in this document.

You must complete Professional Development if you hold any of the following:	You are subject to requirements other than Professional Development if you hold any:
Preliminary Principal Professional Limited American Indian Language License	Emergency License Restricted License Reciprocal License (one term only) Charter School Registry International Visiting Teacher License for Conditional Assignment

What is “Professional Development”?

“Professional Development” is the process of learning new skills to advance your skills in your profession. It can involve taking classes, attending conferences and completing activities approved by your school or school district.

When you complete a professional development activity, you will be awarded a transcript or certificate showing that the number of credits or professional development units (PDUs) you have earned. For purposes of calculating PDUs:

- One (1) hour of professional development activity equals one (1) PDU
- One (1) semester credit hour equals thirty (30) PDUs
- One (1) quarter credit hour equals twenty (20) PDUs

Submitting the application and fee after the license expires will generate additional late fees:
