4) Due Dates
   a) Recently the office sent out a list of due dates for various reports, projects, and events. Everyone is asked to review the dates and add them to your calendars. Contact the office if you have any questions/concerns about the impending dates.

5) Annual Report
   a) We have worked to create an annual report for all the commissions to use. This report is very beneficial to both commissioners and the community. Commissions are encouraged to implement content into the report throughout the year as projects, events, etc. occur. The reports are due annually in December.

6) Website
   a) The OCFW website is current, but not very informational and resourceful yet. All are encouraged to take a look at the website and offer any suggestions and send helpful information and resources to the Office to be posted.

Introductory Board and Commission Training:
At one time, board and commission training was conducted regularly for all new commissioners and board members. Unfortunately, due to budget restraints and staff layoffs, the program has been eliminated and commissioners are forced to learn on their own the policies and procedures as it relates to their role as a commissioner. The Office is working with Danny Santos to plan a half day board and commission training for all current/new OACO commissioners.

Handouts (see attached): Quick Reference Guide and Ethical Framework

Questions:
Q: What are the limitations of commissioners representing OCFW on things that have not been voted on?
A: Commissioners should not take positions on things that have not been voted on. As a private citizen you can do as you please, however, as a commissioner you are restrained to abide by the ethics laws the same as a state employee.
