Project Scope

In collaboration, the State WTDB, Local Workforce Development Boards and state agencies shall create a Committee consisting of an equal number of State and Local Workforce Board members representing the private sector and organized labor.

The Committee will be Co-Chaired by a state board and local board member elected by a majority of the Committee. The Committee will be jointly staffed by the Executive Director of the State Board and an Executive Director of a Local Workforce Board, selected by the Oregon Workforce Partnership.

The purpose of the Committee is to develop, solicit for and manage a procurement for a third-party vendor to assess the public workforce system.

- The assessment will be undertaken every even-numbered year.
- The assessment will be jointly supported and participated in by all WSO partners.
- The assessment should tie with Local One-Stop Operators, center certification requirements and State monitoring efforts.

The Committee will receive the report from the evaluator, seek clarification and/or input from agencies, other program providers and system customers, and develop final recommendations to be considered by the State Workforce Board. The final recommendations will be submitted to the Governor by the State Board no later than December 15th, of even numbered years.

At the discretion of the co-chairs, Committee members, and the WTDB Chair, the scope of the Committee's work can be expanded. For example, if a certain program, initiative, or effort requires an evaluation or other effort, that evaluation can be provided to the Committee for review and subsequent action.

Funding and Resources

Shared Costs: HECC-OWI; OED; ODHS Self Sufficiency and VR; Local Workforce Boards

Project Risks

- Conflict between federal, state and local goals and interests.
- Disagreement on scope or cost of project.
- Different local areas may have different needs requiring separate strategies/programs/services be developed.
- Organizations engaged in this work are already resource-constrained with current workloads and capacity.

Workforce and Talent Development Board (WTDB)

Continuous Improvement Committee (CIC)

- Contracting process for the assessment project may be subject to protocols or other time intensive constraints and review processes.

Communication

From time to time, attendance by members may not be possible.

To help, meetings are recorded, agenda packets are saved, and all related information is posted and made available on the [WTDB website](#).

If a member is unable to attend for the entire meeting, we encourage partial-meeting attendance during that portion of the agenda requiring a vote on key decision points.

If any member has questions or needs assistance, please reach out to Sydney King sydney.g.king@hecc.oregon.gov or Todd Nell todd.a.nell@hecc.oregon.gov.
