## Frequently Asked Questions, 2021-2023 Reengagement Program Data Report Guide, (March 17, 2022)

Below are a couple updates and clarification for the *Program Data Report Guide*. In **red font/green highlights** are changes to be made in the *Program Data Report Guide*. Please let your grant manager know if you have any questions.

### Eligibility for Follow-up Services:

Youth are eligible for reengagement follow-up services if they **either continued from the last grant or FIRST** enroll in a 2021-2023 Reengagement Program on or after the first day of the 2021-2023 Reengagement Program (no earlier than July 1, 2021,) **without a high school credential**, subsequently earn a GED/Diploma, and then continue to receive support from the Reengagement Program. Youth must be under 21 years of age on the first day of the school year or, if unknown, on September 1 of the reporting school year.

**Question:** A 16 year old youth worked with our team last biennium and hasn't completed their GED yet. Are they still eligible for reengagement services on this biennium grant?

**Answer:** Yes.

### Which Quarter(s) to Follow-up Services:

#### Update to Program Data Report Guide:

COUNT ALL YOUTH RECEIVING FOLLOW-UP SERVICES EACH QUARTER **AFTER THE QUARTER OF COMPLETION**. Count the number of youth each quarter **after the quarter of completion**, not the number or type of services.

**Question:** What do I do if a youth enters, completes their GED, and enters follow up services the *same quarter*? The Program Data Guide instructions say not to count youth in both Line #2 (Program Enrollment) and Line #9 (Follow-up Services) in the same quarter, but the instructions also says mark the number in follow-up services "each quarter"?

**Answer:**

- Each quarter, count the total number of youth served who are working toward their high school credential in Line #2 Program Enrollment.
- The quarter they complete, mark the completion in Line #3 Credential Completion.
- The quarter *following* the quarter they complete (and each quarter after) mark them in Line #9 Follow-up Services, if follow up services are provided. (Note, the Participant Data Report will record the dates/details so follow up services received within the same quarter will be recorded.)
