1. **Are micro-grants for students (evaluated and awarded by students) considered "scholarship-like"?**

   No, micro-grants are not considered "scholarship-type activities" and may be evaluated and awarded by students as long as Projects are aligned with the allowable activities described in RFA Section 2.4.1 Project Services, and as long as funds are not used for any of the prohibited costs described in RFA Section 3.2.4.1 Prohibited Costs. Staff guidance and oversight should be provided to ensure that funds are used appropriately.
