

Restricted Energy Contractor (CRE)

OAR 918-282-0060

The scope of work allowed with a Minor Label is regulated by license type. This does **not** allow any business/person to make an installation or perform any work that is not authorized by the scope of the contractor's and individual's license. Any Minor Label purchased under the Restricted Energy Contractor (CRE) license is limited to this scope of work. **Any work done outside of this scope is in violation of the minor label program.** The license number is printed on each label.

Scope of work allowed under a minor label	Individual installer license requirement
Installation, repair, and replacement of HVAC , in new or existing construction of one- and two-family dwellings. Not exceeding 100 volt-amperes, in Class 2 or 3 installations. <i>OAR 918-309-0220(6)(a)</i>	Installer license is not required <i>*Must have list of employees on record with BCD</i>
