REPORT ON APPLICATION

(To be completed by Authorized Forest Officer)

- General description of the area and adaptability for the proposed use. Outline area on a map if needed to clarify proposed use and attach map to application.
- Status of the land requested, including description of any improvements or claims on area. If previously under permit, indicate former permit date and permittee's name.
- State the surface disturbance and resource removal and/or damage anticipated and resultant costs that should be recovered.
- Recommendations, including any factors which might affect the granting of the permit or future use of the land.
- List on the reverse side any additional conditions which should be made a part of permit.
